Report Sirhan May Change Plea To Guilty

LOS ANGELES (AP) — Reports circulated today that Sirhan Bishara Sirhan might change his innocent plea to guilty in the gunshot assassination of Sen. Robert F. Kennedy.

Such a change, if it occurred, would result from either an understanding or a firm belief that a life term in prison—instead of death—would be the maximum penalty, the Los Angeles Times reported.

The only likely obstacle would be Sirhan's own refusal to change his plea, the Times said. Sirhan, a slender 24-year-old from Jordan, was described as fearful a change of plea would rob him of the opportunity to publicly air reasons for the assassination.

The Times said Sirhan's defense attorneys huddled with the defendant, his mother, and brother Tuesday to discuss the possible guilty plea.

Speculation also rose Monday night when Evelle J. Younger, Los Angeles County district attorney, said without elaboration in a television interview that the Sirhan trial could take "three months or three days."

Court sources said a change in plea represented one way to drastically reduce the length of a trial that has already consumed nearly six weeks just in making preliminary motions and selecting a jury.

For either a conviction or a plea of guilty to murder in the first degree, the death penalty or life imprisonment is mandatory under California state law.

Defense attorneys were said to pin their hopes for having Sirhan avoid the gas chamber on the argument that his mental or emotional capacity was so diminished as to rule out the degree of premeditation needed to warrant death.

Neither defense attorneys nor the prosecution would comment.

Test Missile Silos With TNT

WASHINGTON (AP) — The United States plans to test the strength of a new underground missile silo by blasting it with massive TNT charges simulating Soviet missiles.

Defense officials say the tests are intended to prove the hardiness of the strongest subterranean offensive launch tubes this country can develop against future Soviet missiles.

Experts on Soviet missile development have expressed concern that the detonation of nuclear warheads packing the equivalent of many tons of dynamite could render existing U. S. ICBM's useless in their firing stations, including proposed third-generation multiple - warhead types.

Pentagon spokesmen said Congress will be asked to appropriate $58 million in the defense budget for the fiscal year beginning July 1 to finance massive conventional explosions over specially designed "superhard" siloes to be built in the Southwest and Far West.

Weather

ESCANABA AND VICINITY—Cloudy, windy and colder with occasional snow flurries today, high near 18. Variable cloudiness and colder tonight, low near zero. Thursday partly sunny and continued cold, high 18. Friday's outlook: mostly sunny and cold. The highest temperature yesterday was 34 and the overnight low was 18. North to northwest winds 15 to 30 mph today diminishing to 8 to 15 mph tonight and becoming variable 5 to 10 mph Thursday. Precipitation probabilities: today, 50%; tonight, 20%, and Thursday, 10%. Twenty inches of snow on the ground.

Sun sets today at 5:10 p. m., and rises Thursday at 6:54.

Low temperature readings:

JEANNIE LEWIS, 16, is escorted by two unidentified men from a cafeteria where she was held as hostage by a young gunman for nearly 11 hours. Moments after the girl was freed police officers shot and killed the gunman, identified by police as Ralph Mullins of Dallas, a parolee from prison. (AP Wirephoto)

Legal Action Indicates Hard Line

Nixon Administration Pushes Desegregation

WASHINGTON (AP) — Four recent legal actions by the Justice Department appears to indicate the Nixon administration has no intention of going slow on seeking desegregation of public schools.

The latest action came Tuesday when the Justice Department asked a federal court to void the freedom of choice desegregation plan set up by the Houston, Tex., Independent School District.

The government charged the current plan had been used to perpetuate racially separate schools for most of the 250,000 students in the Houston system, sixth largest in the nation.

Coming on the heels of suits Monday against three Louisiana school districts, the action appeared to erase earlier doubts on administration school civil rights policy raised by:

See No Conflict

—President Nixon's campaign assertion that he is opposed to busing pupils to achieve racial balance.

—Welfare Secretary Robert H. Finch's decision to give five southern school districts 60 additional days to comply with the federal desegregation law.

Justice Department officials, including Atty. Gen. John N. Mitchell, are known, however, to see no conflict between the legal actions and the Nixon-Finch positions.

Like Nixon, Mitchell is said to oppose busing pupils across school district boundaries on grounds that such programs are not workable.

And like Finch, Mitchell favors negotiations with local officials before more severe remedies are imposed through court action or by termination of federal funds.

Assignment Plan

But after all alternatives have been exhausted, both cabinet officials believe, as Finch said, "the law in the end must be enforced."

In Houston, the government said a 12-year-old court suit produced four desegregation plans, including the current freedom of choice program, but racial segregation has not been ended.

There are "educationally sound alternative methods" that could be used to achieve a "desegregated, unitary school system," Justice Lawyers said, and suggested such means as "pairing and geographical zoning."

The court was asked to obtain an entirely new student assignment plan and to order teachers assigned to reflect the racial composition of teachers in the system.

In the Louisiana suits, the department accused school boards in West Carroll, Morehouse and Catahoula parishes of operating completely segregated systems.

Faculties also are still completely segregated in the parishes the government said.

Federal funds to all three districts were terminated in 1966. Since then, it has been learned, efforts by federal officials to get the local boards to draw up desegregation plans were unsuccessful.

Borman Returns To West Berlin

BERLIN (AP) — Astronaut Frank Borman returned to West Berlin today after 20 years. He explained that his last visit was during the Berlin Airlift.

"I was here before amid many bags of coal," Col. Borman told newsmen at Tempelhof Airport. "There have been many space advances in the past two decades, yet we have so many troubles here on earth."

Borman, his wife and two sons flew to Berlin from Bonn at a time of new Communist pressure on the surrounded city.

After reviewing a U.S. Army honor guard, the Apollo 8 commander told officials, newsmen and some 500 German and American children: "I bring to all the people of Berlin greetings ... from President Nixon and all my fellow Americans."

Steelworkers Give Abel Lead

PITTSBURGH (AP) — I. W. Abel, who climbed from the mill floor to the top of organized labor, took a commanding lead and appeared bound for victory today in his battle to keep the presidency of the powerful United Steelworkers Union.

Unofficial returns compiled by Abel's campaign aides gave the incumbent a 129,868 to 66,431 lead over challenger Emil Narick, a relatively unknown union lawyer. Abel's committee said its tally included 2,225 of the union's 3,700 locals.

An Associated Press survey had Abel ahead by a similar 2-1 margin. The voting won't be official until all ballots are certified by union tellers. This could take until May 1.

Abel, whose reserved manner has become a trademark, did not appear in public.

Narick, working out of the basement of his suburban Pittsburgh home, said, "I see nothing to cause me to be discouraged. On the contrary, I've been very pleased. We're getting the locals where we got nominations and even some where we didn't."

Narick, a handsome 52-year-old former Pitt football player, was trying to become the second man in the 26-year-history of the 1.2 million member union to defeat an incumbent president.

Abel was the first. Four years ago, after a bitter campaign, the 60-year-old leader brought a sudden end to the colorful 12-year reign of David J. McDonald.

McCarthyites Are Left Out

WASHINGTON (AP) — A top 1968 campaign adviser to Eugene McCarthy says the National Democratic Committee is beaming a message at McCarthyites that says: "You're not really part of our party."

That message, says Curtis B. Gans, comes through in the recent selection by Democratic National Chairman Fred Harris of two commissions to reform party convention policies before 1972.

Gans, who was McCarthy's director of operations and is on the steering committee of the New Democratic Coalition, told an interviewer Monday there was a "significant degree of resentment" among McCarthy backers about the makeup of the two commissions.

He said one group, headed by Sen. George S. McGovern of South Dakota and charged with reforming the delegate selection process, has no McCarthy people on it.

The other committee, which will rewrite convention rules under the chairmanship of Michigan Congressman James G. O'Hara, has a "clear liberal majority" with three McCarthyites, Gans said. But its tasks are less urgent and more long range.

"They may be trying to postpone meaningful reform until 1976," Gans said.

Rockefeller Unveils Plan To Keep Surtax

Use Proceeds For Education At Local Level

WASHINGTON (AP) — Gov. Nelson A. Rockefeller of New York unveiled at the White House today a plan to continue the "temporary" 10 per cent federal income tax surcharge and use the proceeds to help finance state and local programs, particularly for education.

In a presentation made before President Nixon's Urban Affairs Council, Rockefeller also suggested that 25 per cent of future growth in other federal revenues be earmarked to underwrite new nationwide welfare standards which, he urged, be paid in full by the federal government.

"By this sharing of fiscal strength within the federal system," he said in a statement, "we cannot only further education and provide welfare benefits more efficiently, but we can also help preserve the vitality and effectiveness of state and local government, within the federal system."

Divert To State

Nixon presided at the opening of the Urban Council meeting but turned over the chair to Vice president Spiro T. Agnew because a National Security Council session began 15 minutes later.

Under the Rockefeller plan, 25 per cent of surcharge revenues would be diverted to state and local governments in 1970 to provide an estimated $2.75 billion.

He proposed that an additional 25 per cent be added each year until, by 1973, all receipts from the surcharge-an estimated $14 billion—would be distributed to states and local communitis.

"A serious imbalance has been developing within the federal system," Rockefeller said. "State and local expenditures to meet human needs have been rising much more rapidly than federal expenditures for domestic purposes.

Insurance System

However, the federal government collects two-thirds of all the taxes whereas state and local governments collect only one-third, and this is inadequate to meet the people's needs."

The governor also called for creation of a national contributory health insurance system and an overhaul in the method of calculating and granting federal aid to the states and localities.

The National Security Council meeting came a day earlier than expected but White House spokesmen said the change indicated no emergency.

Press secretary Ronald L. Ziegler declined, however, to say what matters were before the session of top presidential defense, military, diplomatic and intelligence advisers.

Oil Drilling

Moving the meeting up from Thursday caused Nixon to cut short plans to preside at a meeting of his Urban Affairs Council that was called to hear New York Gov. Nelson Rockefeller's recommendations for overhauling federal aid to the states.

The NSC session was the major item on a presidential calendar that included laying of a wreath and a brief speech at the Lincoln Memorial to mark Lincoln's Birthday.

The President announced Tuesday he was asking a special committee to recommend ways of guarding against offshore oil-drilling mishaps such as the one that has fouled California beaches.

After meeting with Secretary of the Interior Walter J. Hickel, Nixon issued a statement indicating he has doubts about the Johnson administration's decision to permit drilling off Santa Barbara, Calif., and also doubts about the adequacy of current regulations.

Protesting Students Wreck Computer Center

MONTREAL (AP) — Riot police evicted protesting students from Sir George Williams University and arrested about 80 Tuesday night, but the students wrecked the university's $1.6 million computer center and partially destroyed a cafeteria and faculty lounge.

A 10-hour battle between the police and about 200 students ended the student occupation of the ninth-floor computer center that began Jan. 29. The students were protesting the makeup of a faculty committee named to hear charges of racism against a biology professor.

Acting Principal Douglass Clarke said the police were called in after the students began ransacking the cafeteria and turning on water hoses in the new $26 million Henry F. Hall building. He said they destroyed both the university's computers with axes and set fire to the center.

Pelt Police

When police and firemen arrived, they were pelted with pieces of furniture, computer tapes and electrical parts, university records, registration cards, transcripts and typewriters.

Three policemen were injured in the fighting and half a dozen policemen and firemen were overcome by smoke. The firemen managed to put out the blaze, but university information officer Malcolm Stone said smoke and water damage made the computer center "a total wreck."

About 2,000 students milled around outside the building behind a police cordon, some of them yelling encouragement to the students inside and some supporting the police with shouts of "Go cops! Go!" Scuffles broke out in the crowd when students from McGill University and the University of Montreal arrived to show support for the occupiers.

Discrimination

One of the students who participated in the occupation said his group began breaking things up when they were told a compromise on the makeup of the faculty committee had fallen through. The committee is to hear complaints by six West Indian students who claim biology professor Perry Anderson discriminated against them because of their color and never gave them high marks.

Some of the students arrested were charged with conspiracy to commit arson and public mischief. Others were to be charged today.

Stone said the two computers—one a $1.4 million model that is the "brain" of Sir George Williams University and the other a $200,000 older model—were destroyed.

He estimated it would take at least eight months to restore the computer center for normal operations. In addition to training students in the use of computers, handling the university's payroll, student records and other administrative functions, the center rented its machines to private companies and collected an annual revenue of $100,000.

Acquit Grayling Man Of Murder

GRAYLING (AP)—Basing his defense on a recent modification of state law which redefines homicide in the suppression of riot, a Grayling man has been freed in the shotgun death last September of a Detroit motorcycle gang member.

The shooting followed a tavern brawl between members of the "Renegades" gang and other bar patrons.

The brawl spilled onto a sidewalk and James Jackson, 23, of Detroit was shot in the back by Larry M. Evans, 33.

The trial, which concluded Tuesday, was marked by heated controversy and bitter feelings in the northern lower peninsula community of 2,015.

A prosecution request for a change of venue, contending prejudicial news coverage, was denied.

Sixty - six prospective jurors were called before the defense and prosecution could agree on their suitability. On a defense request, an open charge of murder was changed to either second-degree murder or justifiable homicide.

When the justifiable homicide verdict was announced, the grandmother of the slain man approached the defendant shouting "you killed him — you shot him in the back."

Evans had testified that he intended to "blast a hole in the ceiling to stop the brawl." He said the shooting, which he termed accidental, occurred when he tried to push the victim out of his way with the muzzle of his gun.

Terrorists Try To Bomb GI Bus

SAIGON (AP) — Alert U.S. troops thwarted two attempts by Viet Cong terrorists to blow up busloads of Americans near Saigon's Tan Nhut Air Base today.

As many as 50 officers on the staff of Gen. Creighton W. Abrams could have been killed or wounded in one of the attacks, but no Americans were hurt. The only casualty was a Vietnamese child who was slightly injured.

A few hours before, American forces intercepted about 100 enemy soldiers 23 miles northeast of Saigon and smashed several big rockets on launching pads, apparently aimed at the U.S. Army headquarters at Long Binh.

The enemy activity around Saigon increased speculation that the Viet Cong and North Vietnamese might be trying to maneuver into position for another Tet offensive. But U.S. intelligence officers said major enemy forces are not in position yet to launch a significant attack on Saigon although there might be small-scale assaults and terrorist attacks.

Two of the shuttle buses that haul American military personnel around Saigon were targets of the terrorists today. The two attempts took place at almost the same spot near the big air base and within 30 minutes of each other.

The first attempt was made about 6:30 a.m., when two Vietnamese on a motorcycle hooked about five pounds of TNT or plastic explosive attached to a string to the screen window of a bus carrying 50 officers on Gen. Abrams' staff to their offices at Tan Son Nhut.

An unidentified Army major spotted the terrorists at work and alerted Lt. Col. Harold J. Keeling, 41, of Topeka, Kan., who was sitting next to the window. Keeling pulled the hook from the screen and the charge exploded on the ground after the bus had gone half a block farther.

One building was slightly damaged and a Vietnamese child was slightly injured by the blast.

A U.S. spokesman said if the explosive had gone off alongside the bus and ignited the gas tank, all 50 officers could have been killed or wounded.

The terrorists escaped.

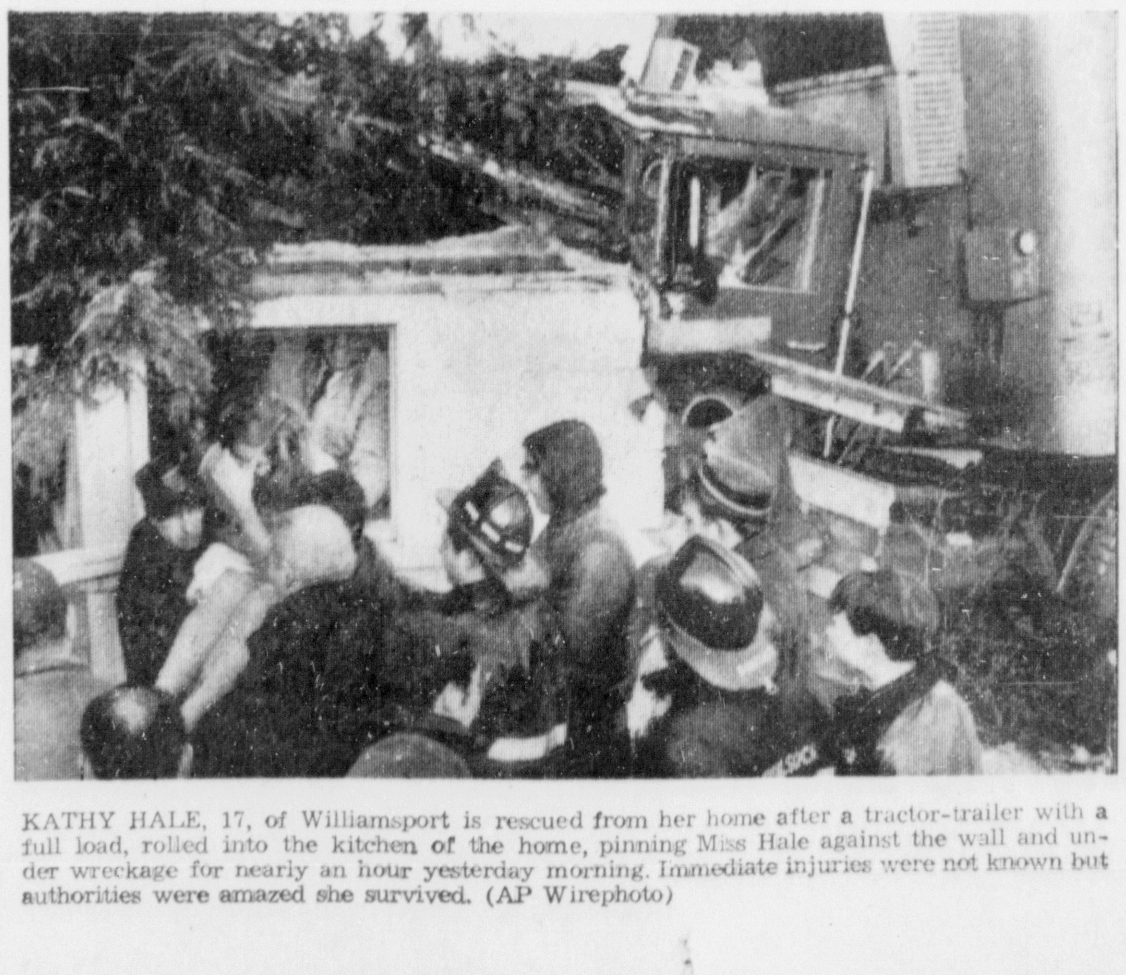
Half an hour later, an Army enlisted man saw a briefcase near the right rear wheel of another shuttle bus picking up passengers near an enlisted men's barracks. The men were quickly removed from the bus, and an ordnance demolition team found a bomb inside the briefcase and disarmed it. They said it contained about 12 pounds of explosive with fuses set to explode as soon as the bus moved.

Navy Bomber Crash Kills 7

EL TORO, Calif. (AP) — A Navy patrol bomber crashed Tuesday night in the rugged Santa Ana Mountains near the El Toro Marine Air Station, killing all seven persons aboard.

The victims, not immediately identified, were naval reservists from the Minneapolis-St. Paul area on two weeks of active duty training at Los Alamitos Naval Air Station near Long Beach, the Navy said.

The plane, a Neptune SP2E antisubmarine patrol bomber owned by the Minnesota reserve unit, was being used to practice ground-control approaches at the El Toro base when it slammed into a mountain peak, spreading wreckage over a quarter of a mile area.



KATHY HALE, 17, of Williamsport is rescued from her home after a tractor-trailer with a full load, rolled into the kitchen of the home, pinning Miss Hale against the wall and under wreckage for nearly an hour yesterday morning. Immediate injuries were not known but authorities were amazed she survived. (AP Wirephoto)

Lincoln Dinner

ALLEGAN (AP) — Gov. William G. Milliken is scheduled to address the annual Lincoln Day banquet at Allegan Saturday. It will be his first appearance in Allegan County since being named governor.

Today's Chuckle

If you want to make somebody believe something, whisper it.

Ice Fishing Activity Disappears On Bay

Little Bay de Noc, once an ice fisherman's paradise, is a no man's land this winter.

Not many men have dared to venture on the ice and even fewer have brought their shanties along.

A year ago, despite the declining incidence of ice fishing in recent years, about 325 shanties dotted the ice at the head of the bayy off Kipling. This year, only a couple of dozen shacks are scattered on the bay and most of them are just a short distance off the shoreline where spearing and hook and line activity for northern pike will continue through the end of the month.

Ice Was Poor

Elmer White, owner of White's Bayshore Cabins, attributed much of the decline in ice fishing activity to the ice conditions. Until recently, he said, fishermen had difficulty even walking out to shanties because of snow crusts on the ice which weren't strong enough to hold a man's weight.

He said that beneath the snow crust there was water on top of the ice surface.

Besides the ice conditions, however, fishing success has not been outstanding.

Cliff Long, Escanaba district fish biologist, said the only catches reported by sports fishermen have been perch and pike. Perch have been spotty, but Long reported the pike fishing is good along the shoreline.

The walleye — number one game fish in Little Bay de Noc not too many years ago—has largely disappeared, although no shanties are located in the deeper water where an occasional walleye might be taken.

Whitefish Taken

Long said there have been no reports of anyone taking any coho salmon, rainbow (steelhead) trout or brown trout. A large population of brown trout was evident in Little Bay de Noc from lifts of Department of Natural Resources nets last fall.

Commercially, the fishing in this area also has been limited, although Long said he expects it will "pick up" some during the month. In the last week of January, he said, only four persons were registered to fish commercially.

"All of the commercial fishing in this area is being done with large mesh (4½ inch or larger) gill nets," he said. "The fishermen are taking only whitefish."

He said the average weekly catch has been running about 600 pounds.

Inalnd, fishing pressure also is reported light.

Long said there has been some success for bluegills in Anderson and Little Shag Lakes near Gwinn and also reported some rainbow trout catches out of Johnson Lake near Gwinn and Trout and Ackerman Lakes in Alger County.

Area Students Rehearse Play

Escanaba Area High School students will perform Hart & Kaufman's comedy "You Can't Take It With You" at the high school auditorium Friday and Saturday, Feb. 21-22.

The play, which was last performed in Escanaba in 1955, will be directed by Peter Adamini. Rehearsals are underway.

Leading characters in the play are Jodi Bisdee as Alice; Jack Winters as Tony; Mark Olson as Grandpa Vanderhof; June LaFleur as Penelope Sycamore; John Gravelle as Mr. Sycamore and Dennis Combs as Boris Kolenkhov.

Other members of the cast are Cheryl Adams, Jean LaPorte, Scott Bowman, John Nyquist, Rod Johnson, Steve Rolig, Denise Chenier, Bruce Truner, Donna Crepeau, Bob Thompson, Bill Ryde, Mark Haack and Diane Coplan.

Student director of the play is Marcia Smith.

Adamini, who teaches 11th grade English and is drama instructor, has directed the musicals "Carousel" and "Brigadoon" and last year's drama, "The Glass Menagerie."

Tickets for "You Can't Take It With You" are available from members of the cast and crew and also will be sold at the door on performance nights.

"This is one of the great comedies of all time in the history of American theater," Adamini said.

In the play, Grandpa Vanderhof is the head of an unusual household. His family lives together in a house where each one does what he wants to do and an interesting situation develops when the reserved Kirbys, future in-laws of Alice, arrive on the wrong night in the midst of ballet dancing, snakes, Russians, candy making and fireworks.

A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on varied remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent PETERSON'S OINTMENT soothes pile torture in minutes. Either a box or 95c tube applicator. PETERSON'S OINTMENT gives fast, joyful relief from itching. Be delightful or money back.

Time Divides Menominee

MENOMINEE (AP) — The Menominee County Board of Supervisors voted 11-4 Monday in favor of going on Eastern Standard Time the year around.

The city of Menominee, on the other hand, has voted to continue on Central Standard Time, which is observed by its twin city of Marinette, Wis., except during the summer, when both switch to Central Daylight.

However, Menominee County would remain on Eastern Standard and thus have corresponding time in summer only.

The votes were in response to a request by Rep. Philip Ruppe, R-Mich., who asked Upper Peninsula governing boards to give him their preference with regard to time observance in the 15 counties.

Under regulations of the Department of Transportation the entire Upper Peninsula has been declared in the Central Time Zone, which prevails in neighboring Wisconsin and in Chicago, the UP's major trading center.

Some opposition developed to Central Time, However, and Ruppe said he sought sentiment to determine if a change is favored.

Black Militants Air Grievances

DETROIT (AP) — Black militants who stormed headquarters of the United Auto Workers Union and roughed up two photographers in the process have been promised a review of their grievances.

Among grievances is the firing of 25 members of the self-styled Eldon Avenue Revolutionary Movement for allegedly disrupting work and engaging in a wildcat strike at Chrysler Corp.'s Eldon Avenue plant last Jan. 27.

"We are meeting with Chrysler officials to ask for details on the charges leading to the dismissals," said George Merrelli, a UAW regional director.

While picketing, before storming the union's Solidarity House headquarters Monday, the militants scratched the hand of Mrs. Colleen King in attempting to grab her camera and forced her husband, Irvin, to surrender his film. The Kings do photographic work for the UAW.

When they moved on Solidarity House the militants threatened television cameramen attempting to take pictures.

The militants were herded into a conference room of the headquarters building, where Shelton Tappes, a Negro who works in the UAW's Fair Practices Department, met with them for an hour and a half.

Tappes said he "assured them the union would check into their grievances, including what they termed "work hazards."

When they left the building, the militants marched out in single file, holding their fists clenched overhead in a "black power" salute.

Recreation Aid Can Help With Senior Centers

Michigan's new Quality Recreation Bill can mean a lot more than hunting lands or children's playgrounds, according to the Michigan Commission on Aging.

The Commission is beginning a campaign to alert local communities to the fact that multi-purpose senior citizens centers can be built with the funds authorized by voters when they approved the act Nov. 5.

Of the $100 million bonding program, $30 million is designated for local community facilities, including centers for the elderly.

This will be the first time Michigan communities will be able to construct such facilities by drawing on state funds on a matching basis. New York State has had such a program since 1956, and it has proven successful.

St. Jacques

Mr. and Mrs. Louie McLeod, Mr. and Mrs. Caleb Johnson visited with Mr. and Mrs. Edward Groleau on Saturday.

Donald Bolm and daughter Sue rode their snowmobile from Gladstone to Nahma Junction on Saturday.

Warren Groleau and Pat Groleau will participate in the basketball game against the Green Bay Packers Saturday night.

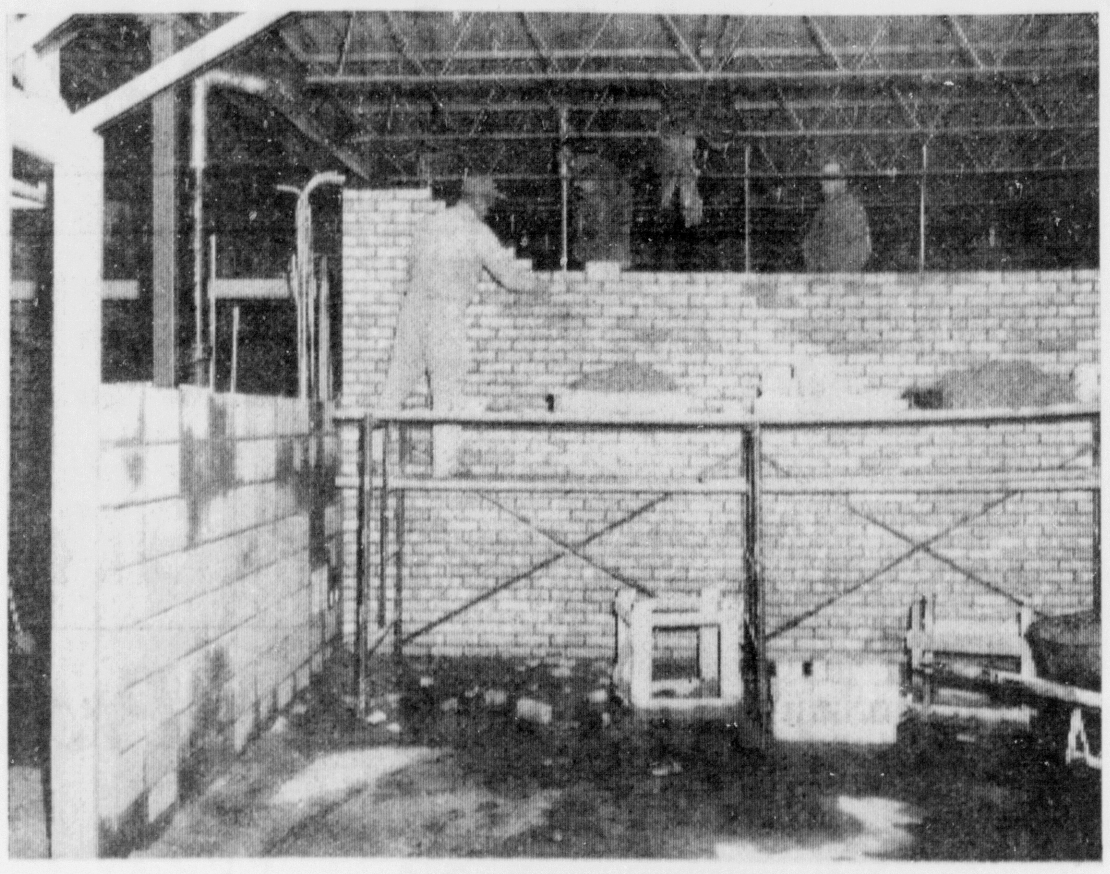
Mr. and Mrs. Rudolph Groleau spent the weekend in Mayville, Wis. with their daughter and family, Mr. and Mrs. Michael Groleau.

Lawrence Sovey and family visited the Warren Groleau family on Sunday.

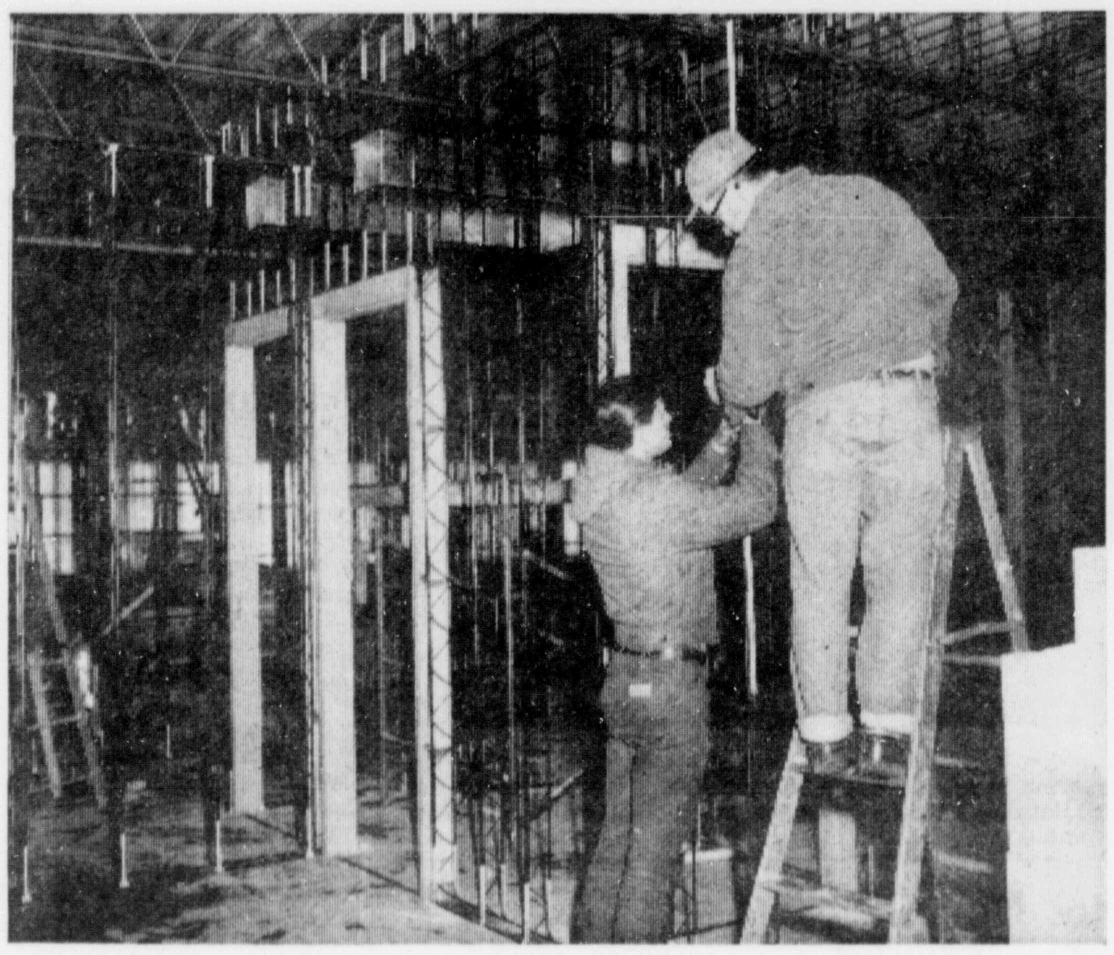
Francis Clement and family spent the weekend snowmobiling at the home of his parents, Mr. and Mrs. Fred Clement.

About 25 snowmobiles from the Rapid River Snowmobile Club rode the pipeline from Rapid River to Mac's at Nahma Junction Saturday.

Kathy Groleau returned to Chicago after visiting her parents, Mr. and Mrs. Rudolph Groleau.



THE CITY COUNCIL of Escanaba will meet in this room when it is completed. The masonry partition is one wall of the large room designated for meetings in the service center addition. The City Council, presently meeting in the County Building because the old council chambers in the City Hall are being converted to offices, will move to the Civic Center later this year.



THE ADDITION TO THE Catherine Bonifas Civic Center in Escanaba is progressing, with the brick, masonry work and structural steel 95 per cent completed. Ventilating and plumbing, and electrical work are not so far advanced. Workmen are pictured installing the metal framing on an inside wall. The addition will serve as a community services center. (Daily Press Photos)

Williamston Is Top Community In Achievement

"Community Project Facelift" from Williamston, has won the state Community Achievement of the Year Award. This is one of the major awards of the annual Michigan Week.

James Morgan Smith, president of the Greater Michigan Foundation, announced today that the judges had selected Williamston's community renewal effort from regional entries in the annual competition.

Williamston's Achievement, spearheaded by the Williamston Chamber of Commerce, was to involve the entire community in a "do-it-yourself" urban renewal project. The mid-Michigan town of 2,200 cooperated in a massive paint-up project to "facelift" a rundown business district.

Impressed by the quality of the regional entries, the judges will shortly select four to receive special certificates of merit.

The regional entries, chosen from contests by county and regional Michigan Week councils, include:

Shrine of the Missionaries, a unique structure 21 stories high with bell tower and series of observation platforms overlooking the famous Sault Locks, completed in 1968—Region 3, Chippewa, Luce, Mackinac counties.

Annual Fort Michilimackinac Pageant, colorful program and re-enactment by Mackinaw City citizens of the 1763 massacre at the fort.

International Coffee Club at Leland, set up daily town meeting - type coffee sessions designed to bring together Leland's unique population of semi-retired folks and summer community.

Iron River Is Rodeo Capital Of Peninsula

IRON RIVER — Iron River Mayor Anton J. Genetski has proclaimed the city of Iron River, the rodeo capitol of the Upper Peninsula. Copies of the proclamation were forwarded to Gov. William G. Milliken, urging his concurrence.

The proclamation was spurred by the success of the initial event held in the city last August when over 10,000 people were entertained by a two-day western extravaganza which featured a wild west rodeo and related attractions.

The committee plans a larger program at the Iron County Fairgrounds, Iron River, Aug. 2-3, 1969.

Kimberly-Clark Merging Units

Kimberly-Clark Corp. has combined its lumber and woodlands operations in Michigan and California into a newly organized Forest Products Division.

Three of the division's six sawmills are located at Marenisco, Champion and Newberry in the Upper Peninsula, and produce both hard and softwoods.

Headquarters for the Lake States operations will continue to be at Norway, Mich. C. A. Samuelson was appointed resources manager and Mark Foster, lumber production manager. R. E. Garrett was named industrial products sales manager, and J. E. McKenzie was appointed hardwood lumber sales manager, based at Marenisco.

Kimberly-Clark previously had announced plans to quadruple annual capacity of Michigan sawmill operations to 60 million board feet.

The new division is headed by W. R. Williams. Dixon Sandberg, who formerly held forestry management positions in the Midwest, is division operations manager, and Harry Bleile, division marketing manager. All three are based at the Anderson, Calif. unit.

Rapid River

Return Home

Returning home after attending funeral services Saturday morning at St. Charles Church for Thomas Scott Hixon are Mrs. Eleanor Hixon and family, James Roberts and family, Mrs. Burmeister, and Mrs. Reimer, Marathon, Wis., Edward and Linda Roberts, Milwaukee, Mrs. Joseph Brey, Munising, members of the Hixon family from Munising, Sault Ste. Marie, Detroit and Milwaukee and Mike Roberts, Ellsworth Air Force Base, Rapid City, S. D.

HIGHWAY LINK SET

RIO DE JANEIRO (AP)—A highway will link Uruguay with all state capitals on the Brazilian coast, it was announced here. Elizeu Resende, head of Brazil's National Highway Department, said that the highway will have its starting point in Fortaleza, state of Ceara, in northeastern Brazil, and its completion is expected by 1970.

Indian Identity, Culture Fading, Altrusa Is Told

The Altrusa Club heard Clint Dunathan, Escanaba, member of the Michigan Historical Commission Monday night at the Sherman Hotel.

Dunathan described his talk, which he iluustrated with slides and Indian artifacts, as "an attempt to interpret our knowledge of prehistoric Indians."

He traced the early trails of emigration from Asia and explained that because of climate, the greater struggle for survival and the isolation, the culture of North American Indians changed very little.

Dunathan pointed out that the Indian we know today is only a little more than a century away from a Stone Age culture.

The men fished, hunted and fought, leaving the women to raise whatever vegetables and grain they used and to do all the necessary work of the camp. Children ran wild with nothing demanded of them except to be as healthy as possible so they would become mighty braves and undemanding, hard-working squaws.

Property as such meant very little to the Indian. He used the streams to fish, the woods to hunt, and roamed at will. It was not difficult to persuade him to cede his land to the white man very cheaply, and it was not until later that he realized that in so doing he had deprived himself of his hunting and fishing grounds and his right to roam free.

The problem of fitting this primitive people into our more complex culture has been and still is difficult, he said. To be ocupied steadily is not natural to the Indian. He is primarily hunter and fisherman.

Dunathan believes that we have tried to civilize in too brief a time a primitive people and questioned whether it was not now too late to try to restore to the Indian a sense of his identity.

"The Indian is being studied as never before in our history in an atempt to reach understanding and an effective program. The question remains, by the time the anthropologists have learned all they can about this people and the sociologists have found some answers, will the Indian as we now know him still exist?" he asked.

In other business of the club, Mrs. John Fawcett presented the Altrusa Accent talk, Tyne Kangas reported on several service projects the club could adopt, and Delores Sampson announced that this year's Great Decisions course was about to begin. The slate of officers to be elected at the March meeting was presented.

The vice-president, Marina Chapekis, presided.

In Service

Army Pvt. Ivan L. Hardwick, 19, son of Archie J. Hardwick, Nahma, was assigned to the 3rd Infantry at Ft. Campbell, Ky., as a mechanic. His wife, Kristal, lives in Garden.

Sgt. Thomas C. Marrier, son of Mr. and Mrs. Chet Marrier, 612 S. 18th St., Escanaba, has arrived for duty at Torrejon AB, Spain. Marrier is an Air Force musician in a unit of the U. S. Air Forces in Europe. He previously was assigned at Lowry AFB, Colo. He is a 1966 graduate of Escanaba Area High School.

M-Sgt. Emil A. Ayotte, son of Mr. Edith Ayotte, 52 5th St., Hermansville, has arrived for duty at England AFB, La. Ayotte, an aircraft maintenance technician, is assigned to a unit of the Tactical Air Command. He previously served at Tan Son Nhut AB, Vietnam. A 1950 graduate of Hermansville High School, the sergeant is married to the former Mary L. Lawrence of Selma, Ala.

Tax Levying Moves Toward County Unit

By JEAN WORTH

Upper Peninsula tax assessors in their annual conference here in Escanaba today tackled two major problems, one immediate and one long range.

The immediate problem was preparation of the new county boards of supervisors, elected from districts of equal population, for the new task of equalizing tax valuations in their counties among the townships and municipalities. This task has been performed heretofore by the old county boards of supervisors composed of the township supervisors and supervisors elected by the municipalities.

The long range problem is the shifting of tax assessing from the township supervisors and city assessors to the new county tax departments, which are now mandatory in Michigan and are called Departments of Tax Equalization.

Shifting Authority

A change in Michigan's basic law will be necessary to transfer the authority to levy taxes from the elected township supervisors and city assessors and this can be accomplished only with great difficulty.

Robert Purnell, chairman of the State Tax Commission, Lansing, says he thinks that township supervisors would like to get rid of their assessing duties, as they are a cause of critical political reaction against the supervisor from disgruntled taxpayers. But another view of the situation is that the township supervisor can win political favor with the assessing process and that, judging by the complaints from non-resident taxpayers, he does it in many instances by favoring the resident taxpayer over the absentee.

Plan Legislation

Practically, the county tax departments are now doing the foundation work of tax assessing and the system could no longer work without their assistance and expertise. But they continue at present in the role of assistants to the legally constituted taxing officers and do not have the function of legal assessors themselves.

This will be proposed in Legislation to be introduced in the present sesion of the Michigan Legislature, but it is not a likelihood for passage in this session. It seems inevitable, but it must overcome local resistance and this takes time, as it did in a somewhat parallel situation of school district consolidation.

Purnell said that the tax assessor's job now calls for "extremely qualified people to analyze valuation problems. The public is becoming more educated about taxes and the assessors simply must be more educated too. We used to have general sessions in our annual conferences in the Upper Peninsula, but now we break down into workshops with smaller groups to learn the lessons better.

County Staffing

"We have been talking about county assessors now in Michigan for 20 years. We need assessing units that are large enough to hire a professional (tax specialist) and a backup man. Wayne County has as many persons working in its tax equalization department as the State Tax Commission and the City of Detroit has even more. It is important for the people that a good job be done in this matter."

Peter Ross, director of the Delta County Tax Department, said that U.P. county tax departments like the one he heads face a problem of needing more staff to cope with a mounting work load and of not being budgeted realistically to fill the jobs. He has an assistant, but needs a second assistant. He said offers in the $6,000 a year salary range to persons with the qualifications needed for tax officers isn't attractive. Teachers, for instance, are better paid comparatively.

Board's Task

The new county board of supervisors' tax equalization functions will require liaison between the boards, the township and municipal tax assessors, and the county tax department. This will be effected through the county tax departments, which are already equipped to do it.

The procession of command here is from the assessing officer, who puts a value on the property, to the county (board of supervisors) which equalizes the total valuations between the municipalities and the townships so that they are proportionate, and to the state (State Tax Commission) which reviews what the counties do, so that there is equity of tax burden from county to county.

Since the new county supervisors are not assessing officers like the old township supervisors there is special need for communication between the board and assessors and tax department, and in some cases for education of the supervisors in the process.

Urban Renewal Proposal Loses

MARQUETTE — Voters of the City of Marquette Tuesday rejected a proposed $1,433,284 urban renewal project which would have provided for demolition of certain buildings in the center of the downtown area and replaced them with modern structures.

Vote on the question was 1,912 to 1,118. About 40 per cent of the city's registered voters turned out for the election.

Under the proposed program, the federal government would have paid 75 per cent of the total cost. The remaining 25 per cent ($358,321) would have been provided by the city.

Plans had called for only $53,069 in direct cash outlay with the difference being paid through city services in the renewal area.

Boundaries of the proposed renewal area were roughly between Washington and Bluff Sts. from Front to Fourth Sts.

MEMBERS OF AN airliner flight crew brave blowing and swirling snow as they make their way between buildings at New York's Kennedy International Airport late Monday. Dozens of planes and thousands of passengers were stranded in the wake of a fierce snowstorm which blanketed the runways and blocked highways leading to the area. Plows broke through late in the day to allow many people to leave, but hundreds of others, with no place to go, chose to remain a second night in the terminal building in hopes flights would resume shortly. (AP Wirephoto)

Overcrowded Room Divided:

Wells Children Start Classes At Webster

Thirteen fifth grade students from Wells began attending classes in the Webster School in Escanaba today as a result of Board of Education action to alleviate a crowded classroom situation.

Before the move, 48 children had been enrolled in the fifth grade class at Wells.

The school board considers more than 35 children in a single class an undesirable situation which overburdens the instructor.

Supt. Luther M. Barrett informed the Board of Education Tuesday night that the move was completed with the approval of the parents, who were contacted through a questionnaire distributed by the administration.

Ride Bus

The children will be picked up at the Wells School and taken by bus to the Webster School. Arrangements have been made to provide noon hour supervision. Children will be returned home after school by bus, but will arrive home some 10 to 15 minutes later than usual because of the change.

Present classroom space at the Wells School was not sufficient to divide the 48-student class into two smaller groups.

In other action, the Board of Education authorized Barrett to attempt to hire two additional speech therapists for the district; reaffirmed previous board action that the Area district is willing to take over operation of the John F. Kennedy School for retarded children if a teacher can be located; granted diplomas to Richard Pepin and Dennis Kozar; hired Audrey Frantz as a replacement teacher for the high school home economics program; tabled action on a proposed lease with Erling Arntzen for rental of the district's bus garage, and denied payment to a Green Bay firm for an adjustment in pricing of kitchen equipment at the Soo Hill and Wells Schools.

In denying payment of $341 to Air Conditioning and Refrigeration Corp., Green Bay, the majority of the board took the position that the district already had paid its quoted price on the equipment.

Lease Considered

Barrett said that the difference had resulting in a "misunderstanding" in bidding quotations submitted to the general contractor, Howard Herrild Builders, Menominee, on the kitchen equipment. The equipment was purchased in the district's elementary school building program two years ago.

Action on the garage lease was tabled, pending further discussions with Arntzen, who recently increased the district's rent on the bus garage from $250 to $325 per month. The district does not now have a lease on the building, a five-year pact having expired last year.

No Field Action

The Building and Site Committee of the Escanaba Area Board of Education reported to the full board Tuesday night that it will continue to study a proposal to relocate the Escanaba Athletic Field.

No recommendations for immediate action were made to the board.

Storm Whips Area:

Roads, Airports Drifted; Some Schools Closed

Strong northwest winds and heavy snowfall along the Lake Superior shore closed airports at Marquette and Houghton today and created hazardous highway conditions over the central U. P. area south to Escanaba.

The snowfall was less than an inch at Escanaba, but high winds beginning last night and continuing this morning built drifts on side roads in exposed locations.

The Northern Delta county communities of Perkins and Rock closed their schools, as did those at Trenary, Chatham and Gwinn.

Peter Zimmer of North Central Airlines, Escanaba, reported that Escanaba, Menominee and Iron Mountain airports were open and air traffic was uninterrupted by the storm. At Marquette and Houghton, however, service was halted today.

There was a reported 11 inches of snowfall at the Marquette County Airport, about the same in Ishpeming, and 4½ inches in Marquette city. At Van Riper State Park the guage showed 9½ inches of snowfall.

All schools in Marquette County (except those in the the city of Marquette) were reported closed.

Some side roads in north Delta area were drifted but other in the county were open to traffic, and those that were drifted last night were being plowed today.

The U. S. Weather Bureau reports that winds of 20 to 30 miles an hour whipped the area last night and today. The forecast is for diminishing winds tonight, becoming variable on Thursday.

Temperatures down to zero are in prospect tonight after a high of 34 degrees today in Escanaba. The cloudy and colder weather will continue through Friday. The low in Escanaba last night was 18 degrees.

The crabapple is the original wild tree. Our native crabapples are stunted and produce small, sour applies, better for jelly than for eating.

Summer School Programs OK'd, Directors Hired

The Escanaba Area Board of Education, meeting Tuesday night at the Washington School, took action to continue its summer Language Arts and Pre-School readiness programs, then by a 4 to 3 vote reversed itself on previous action and the recommendation of Supt. of Schools Luther M. Barrett in appointment of program directors.

Both summer programs for elementary school children are operated by the public schools with federal finances.

By a 4-3 vote, the board rescinded action taken last year which set-up a two-year rotation for program directorships among qualified members of the school district staff and reappointed Louis Diedrich, principal of the John Lemmer School, as Language Arts director.

Barrett, following the policy adopted by the board last year at his recommendation, favored appointment of Floyd Cassidy, principal of Washington and Webster schools, as director of the program.

He said both Diedrich and Cassidy were equally qualified to serve as director and recommended Cassidy in line with the previous policy of giving other school staff members an opportunity to gain administrative experience and also receive the benefits of the summer salary paid to the director.

This year's programs have not been drafted or funded, but Diedrich received $1,750 as program director last summer. Teachers in the programs were paid $850 last year.

The split vote of the board had Trustees Charles Tooman, Ralph Kaziateck, Kenneth West and Dr. Donald Alimenti in fávor of the action. Trustees Ronald Lankford, Albin Pearson Jr. and Daniel Wellman were opposed.

Kenneth Myllyla, principal at the Franklin and Jefferson schools, was appointed director of the pre-school readiness program in the same action. Myllyla, who directed the program last year, was the only applicant for the directorship this summer.

In favoring reappointment of Diedrich, Tooman said that Diedrich had worked to establish the program when nobody else was interested and that he had served the program capably for the past three years.

Methodist Men's Group To Meet

Men of the First United Methodist Church of Escanaba will sponsor a Special Supper meeting and program for the whole family on Saturday at 6:30 p.m.

Richard Bucksar and Lyle Plowman of Bay de Noc College will show slides and discuss their trip to northern Canada during the Christmas vacation. Bucksar will also give readings from Robert W. Service. Eugene Hebert will be the master of ceremonies.

A spaghetti supper will be prepared by Bucksar. Men, women and young people planning to attend should call 786-5151, 786-3713, or 786-0937 for reservations before Friday.

Briefly Told

Delta Chapter RAM will hold a joint meeting with Commandery 47 at the Masonic Temple on Thursday evening. A potluck supper will be served at 6 p. m. All members are urged to attend.

The U. P. State Fair Board of Managers will meet at the Fair office at 10:30 a. m. Monday, Feb. 17, it is announced by Clifford E. Perras, manager.

The Stephenson Booster Club will meet on Tuesday, Feb. 25, at 7:30 p. m. in the high school.

The L. L. Wright High School Band Parents Association has scheduled the "Fourth Annual Battle of the Bands' for March 18 at 7 p. m. in the Ironwood High School gym. Each band entering must submit a $10 refundable entry fee to insure participation. There will be a limit of ten bands and prizes will be $100, $75, and $50.

Whatsa Beef, Kid?

Tax assessing officers of the Upper Peninsula, a couple hundred of them, gathered in Escanaba this week to be instructed in changes in the assessing laws. The talk was largely technical, like the problem of the man who didn't know whether he should seek relief from taxes on his dwelling as a war veteran or as a senior citizen.

There was worry for the public, however, as well as for the perplexed individual citizen taxpayer.

We were all put on notice by taxing officers that they don't believe that there will be much change in property taxes — except upward.

Population is the strongest influence of any on property taxes and it keeps going up and so do property taxes, says Robert Purnell, chairman of the State Tax Commission.

* * *

It is unlikely that property taxes will go down because:

1. Property taxes are ad valorem (by value) and the value of property keeps going up.

2. The need for taxes keeps going up with the rising general wage level because government becomes more expensive as the people become more affluent.

There will be changes and some are already underway. Indiana and some other states are moving toward elimination of the personal property tax because it is so hard to assess, increasing the dependence upon an income tax to make up the loss.

In Michigan there may be a shift of emphasis, but there seems little likelihood of abandonment of the personal property tax at this time as it accounts for one third of the Michigan property tax, and it in turn accounts for nearly half of the state's tax income. (It is double what it was in 1955!)

* * *

Purnell said that there is a trend in assessing to recognize the value of the land as a chief factor in property values and less inclination on the part of assessors to give land developers "a break."

A developer with a half mile of waterfront to sell that he is holding for a better market is very apt today to run into a jacked-up valuation. "We have found," said Purnell "that the practice speeds up development." The developer takes a quicker, smaller profit.

The practice is related to the suggestion that undeveloped properties be assessed higher to move them into the active real estate market and get them developed where they are being held for future sale with the help of valuations lower than half of their real value.

Most persons and groups who push for higher pay may not think so but they're unwittingly pushing for higher taxes when they do it.

Trains Again

One of the most intriguing ideas yet proposed to meet the mass transportation needs of the mobile American population is Gravity-Vacuum Transit — a system whereby trains without engines of any kind would be propelled at fantastic speeds through the bowels of the earth by pneumatic pressure and the force of gravity.

The concept was recently described at a meeting of the American Society of Mechanical Engineers.

Imagine an airtight underground tube connecting two cities, or two points within a city, both of which are at the same elevation. The tube is not straight but curves downward, like a flattened V, with its depth depending upon the distance between stations. The tube is sealed off from stations by valves.

To propel a train, which is at rest in the station at atmospheric pressure, the tube ahead of it is evacuated by electrically operated pumps (the only power equipment needed) to a pressure 1/40th that of atmospheric pressure.

* * *

When the valve ahead of the train is opened, air pressure drives the train ahead on rails and gravity accelerates it smoothly and comfortably down the slope. The valve closes behind the train.

As the train compresses the air ahead of it and as it climbs the opposite slope, it slows at an increasing rate. When the air has been compressed to atmospheric pressure, the valve located just before the next station opens automatically, then closes again as the train comes to a stop in the station.

The beauty part is that, unlike conventional vehicles, the energy of a GVT train is recovered when it stops. For example, a speeding GVT train has an energy content equal to $5 worth of electricity, but when it comes to a stop, some $3 worth of the energy is stored and is reused to start the train again.

Thus it is estimated that the actual cost of moving 1,600 people over three miles at an average speed of 112 m.p.h. would be about $2.

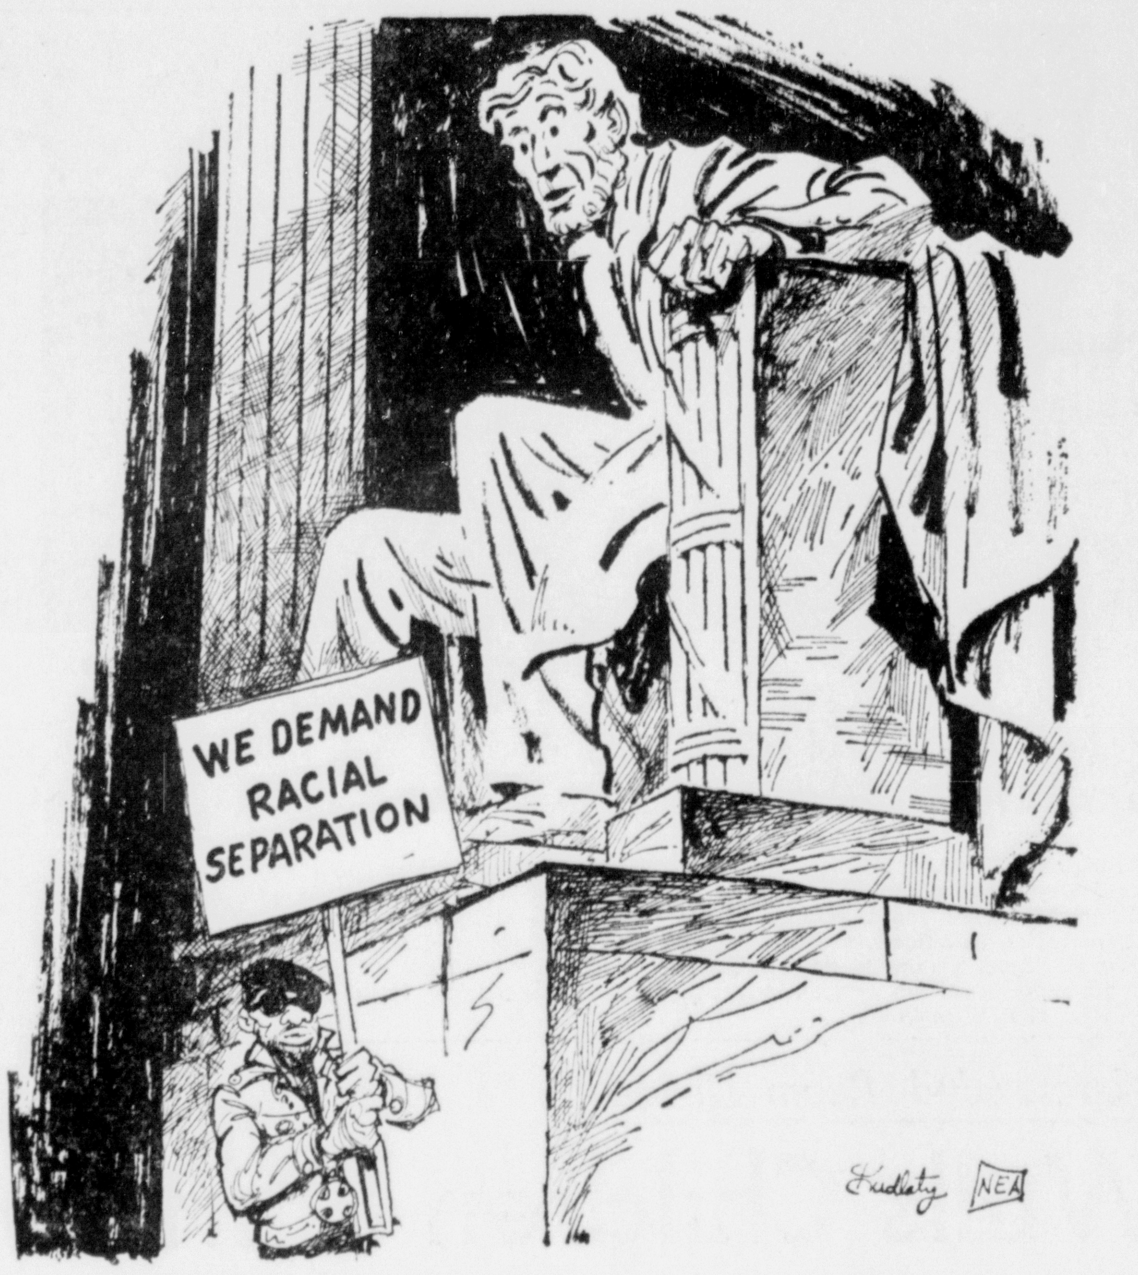
* * *

A gravity-pneumatic connection between Washington, D. C., and Dulles International Airport, using tunnels running to a depth of 2,000 feet, could handle 2,000 to 6,000 passengers an hour at speeds up to 300 m.p.h., covering the 24-mile distance in six minutes. It would be built for less than $150 million, its proponents claim, because such tunnels would be easier and cheaper to dig than present "cut and cover" operations done near the surface.

A GVT network proposed for the metropolitan New York area could cut commuting time between 42nd Street and North Yonkers or Paterson, N. J., to about 14 minutes, with stops every two or three miles. Speeds as high as 420 m.p.h. are envisioned in tunnels as deep as 3,500 feet over longer distances between cities.

Other advantages cited for the GVT include: No air pollution or above-ground eyesores, virtually no outside noise, no right-of-way problems and no mid-run stoppage due to electrical blackouts or engine failure.

It sounds almost too good to be true, but engineers have built a working model — and it works.



Abe Lincoln Of Illinois

No Ordinary Man

By DON GRAFF

What was it about Lincoln that he should be remembered and revered so long after his time?

He was our 16th president. But not all presidents are particularly well-remembered, let alone revered.

He was a wartime president. But there have been others, and few indeed stand forth so boldly three-dimensional from the pages of history.

True, he presided over the greatest war the nation had waged to that time, a conflict of tragically epic proportions that set brother against brother. But it was precipitated in part by his own election and left wounds not completely healed to this day. Another in such a situation might as easily have gone down in history not as the preserver but as the divider of the union.

* * *

No, it is something more, something about the man himself that the dramatic circumstances of his presidency only serve to bring into sharper relief.

A journalist of his time wrote: "A stranger meeting him on a country road, ignorant of his history, would have said, 'He is no ordinary man.'"

He was indeed no ordinary man. And it is the complex of extraordinary characteristics—the iron purpose tempered by compassion, the dedication to justice and duty, the ability and willingness to take upon himself and bear up under a nation's tragedy, the indomitable spirit that carried man and country through its trial by fire, and, above all, the humanity—that have made of Lincoln one of history's towering figures.

* * *

It is underlining the obvious to say that the memory and meaning of Lincoln have a particular relevance for our time.

We face a challenge today not unlike that of his time. And as then, the danger comes not from without but from within ourselves. It is division, today transcending geographical lines and confusing the purpose and goals of an entire people.

The challenge is before us in a new form. The task remains the same—to ensure that we do not lose by default what the blood and sacrifice of previous generations have gained.

To borrow from the quotable Lincoln: "If destruction be our lot, we must ourselves be its author and finisher. As a nation of free men, we must live through all time, or die by suicide."

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

A meeting to study the needs of public schools will be held today in Iron Mountain. Escanaba students who will attend the conference are John Groos, Nellie Hendricks, Jack Molin, Mary Walch, Mac Danielson, Bill Dufour, Florence Olson, Bob Boyle, Jack Schils, K. Wylie, and Helen St. Martin. Faculty representatives will be Florence Langley, Neil Roth, and E. E. Edick.

* * *

George Kelly, Gladstone dentist who accepted a commission in the U. S. Army last summer, has been promoted to the rank of captain, the war department, Washington, D. C., announces.

50 Years Ago

Delta grocery, better known as the Gallagher store on South Mary St., was opened today by F. X. Fontaine.

Nixon Maps Attack For GOP Congress

By BRUCE BIOSSAT

WASHINGTON — (NEA) — The Democrats' leadership struggles in the new Congress become more understandable when it is made clear that President Nixon intends a massive assault on their control in the 1970 elections.

The President-elect is thinking big on this matter, and the Democrats have all too little time to get their defenses in order and their image shined up.

The incoming administration heartened that its Senate disadvantage in the 91st Congress is only 57-43, believes it can in 1970 go well beyond the pickup of eight additional seats required for outright control and gain perhaps 12 to 14.

The seats deemed most vulnerable which will be on the block in the next election include those presently held by Senators Dodd of Connecticut, Hartke of Indiana, Tydings of Maryland, Hart of Michigan, McCarthy of Minnesota, Cannon of Nevada, Williams of New Jersey, Burdick of North Dakota, Young of Ohio, Moss of Utah, Proxmire of Wisconsin and McGee of Wyoming.

* * *

Nixon planners, perhaps dreaming a good bit, also are gazing covetously toward the seats now occupied by Senators Holland of Florida and Yarborough of Texas.

If all that were achieved by the GOP in 1970, the Democrats would have lost 14 of the 25 Senate seats they have to put up then.

Meantime, only nine Republican seats are at stake, and Nixon strategists think it not unrealistic to argue that just two, the one in Alaska just filled by Theodore Stevens under appointment following the death of Sen. E. L. Bartlett, Democrat ,and that of Sen. Charles Goodell, named to the post vacated by the assassination of Robert F. Kennedy, are truly vulnerable.

Factional squabbling in Texas since that state fell narrowly to Vice President Humphrey in the 1968 election may dim GOP dreams there. But Nixon sources still argue that the Democrats are rent by worse strife and that GOP Rep. George Bush could be a formidable candidate against incumbent Sen. Ralph Yarborough.

Florida is considered hopeful because Rep. Edward Gurney just won a Senate seat there and the aging Sen. Spessard Holand is felt to be a ready target in a state where party fortunes conceivably may be shifting more or less steadily toward the Republicans.

The other dozen targets, of course, contain some tough prospects. Should McCarthy adhere to his resolve to bow out in 1970 and Humphrey hold to current intent to seek his spot, Republicans might have to cross Minnesota off their list of hopefuls.

* * *

Hart is popular in Michigan, and Dodd, Harrison Williams and Proxmire appear fairly well-entrenched in their states despite some evident vulnerability.

The President-elect's attack, however, will take all this into account. He and his political lieutenants intend to play a decisive role in the fielding of Republican choices for these Democratic seats. They do not plan to sit idly by and see weak sisters thrown into the 1970 lists.

Nixon is said not to accept the argument that a president should not mix in, contending rather that where so much is at stake for the national party his responsibility in candidate selection should be major. The Nixon view, further, is that it is all in the way it is done. State and localleaders need not be antagonized.

It perhaps should not be forgotten that in his extensive campaigning for congressional candidates in 1966, Nixon limited himself almost wholly to new prospects for the House. Of the 47 who then gained new seats, all but one were reelected in 1968. The President-elect thus has reason to think well of his own capacity for selectivity in the candidate field and is prepared to exercise it in 1970 and thereafter in the attempt to win GOP control of the Senate and House.

Opening lead—♣10

A letter from Birmingham, Ala., reads in part: "I have been taught that you need 19 points for a jump shift response and assumed my partner would have these points for his two-spade bid. When he rebid his spades I checked for aces and bid seven no-trump. Needless to say, I was very disappointed when I saw the dummy.

"I won the club lead and played three rounds of clubs. East showed out and I abandoned clubs temporarily and went after hearts by leading to dummy's ace and finessing against East. That finesse held so I played a diamond to dummy's ace and finessed the hearts again. Then I cashed my last heart and club and finally played spades. By this time dummy's last four cards were the ace-king-queen-seven of spades and much to my surprise, I made the grand slam.

"It seems that I had stumbled into some sort of a squeeze or maybe my opponents misdefended. It was pleasant chalking up the score but everyone at the table was mad at me. My partner told me I had overbid; my opponents said I was the luckiest player they had ever seen. What do you think?"

His partner had made a slightly unsound jump to two spades, but we aren't much for bidding grand slams unless we are really certain of success and we do think South did too much. We also agree that he was lucky in finding the queen of hearts and then catching an opponent with the long spades and the king of diamonds.

On the other hand we think he was kidding us about his play. His play is a perfect Vienna coup in which he first set up the king of diamonds in a defending hand and then squeezed the man who held it.

His opponents had misdefended but we can't criticize them. West could have beaten the grand slam had he opened a spade but once he did not, there was no defense provided declarer found the queen of hearts and followed with the Vienna coup.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
			1♣
Pass	1♦	Pass	1♥
Pass	1♠	Pass	?

You, South, hold:
♠AK65 ♥K764 ♦32 ♣A98
What do you do now?

A—Bid two spades. This bid shows just what you have—a minimum opening that includes four spades and four hearts. Your partner has not shown enough strength to encourage you to jump.

TODAY'S QUESTION

Your partner continues to three spades. What do you do now?

Answer Tomorrow

Under existing law, widows of U. S. presidents are entitled to a pension of $10,000 a year.

Ann Landers

Snaps Girl's Girdle While On Elevator

Dear Ann Landers: I'm a young woman who is in and out of elevators at least two dozen times a day. I deliver dental materials from the lab.

A certain fellow in this building also rides the elevators a lot. I don't think he is delivering anything. I think he just likes elevators.

I have never spoken to this guy but I've come close to slapping him a couple of times. His idea of fun is to snap a girl's girdle when her arms are loaded and she can't defend herself.

I don't want to make a scene but I'd like to put this creep in his place. Any suggestions?—ARLENE

Dear Arlene: Aw, go on. Make a scene — a real good one. You'll only have to do it once.

* * *

Dear Ann Landers: I just read the letter from the young mother whose children are driving her crazy. Maybe I can help. My kids nearly drove me crazy, too. It was the pediatrician who saved my sanity.

One day when I complained, he asked, "Are you a 'don't' mother? Do you tell your children, 'Don't write on the wall; don't touch the plants; don't jump on the sofa' "? I had to admit the answer was yes. He said, "Stop telling them what NOT to do and start telling them what they SHOULD do." For example: "Here Johnny, write on the paper. Come, Johnny, let's go outside and see how high you can jump. Johnny, let's see how many blocks you can stack up before the tower falls down." In other words, give the child a challenge instead of telling him what he can't do.

I tried it and it worked wonders. My children are a lot easier to get along with now and I'm a — CALM MOM

Dear Mom: A calm mom means calm kids. Your pediatrician gave you a very important key to child rearing. Thanks for sharing.

* * *

Dear Ann Landers: In your column on the dangers of being fat, I was hoping you'd say something about what happens to grossly overweight people when they need surgery.

I am a registered nurse and I can tell you — surgeons dread operating on fat people. Sometimes there is so much excessive flesh that it nearly doubles the time of an abdominal operation. This can be dangerous.

Also, it is next to impossible for the nurses and the aides to turn these people in bed. Yesterday it took five of us to give a 300-pound woman a back rub, four to turn her and one to do the massaging.

I know fat people don't think about these things when they are reaching for that third slice of bread or that second piece of chocolate fudge cake, but they should.—TIRED R. N.

Dear Tired: My medical consultants tell me that lean surgical patients recover about 35 percent faster than fat patients. And childbearing for a fat woman means added risks. These facts may not curb anybody's appetite but they are worth thinking about.

* * *

Alcohol is no shortcut to social success. If you think you have to drink to be accepted by your friends, get the facts. Read "Booze and You — For Teen-Agers Only," by Ann Landers. Send 35c in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

COOLING IT, a leatherneck with the Third Marine Division in Vietnam relaxes in the driver's seat of his tank, with just his feet sticking out of the hatch for air.

Illegal Abortion Figures Padded: Legal Expert

EAST LANSING (AP) — Proponents of abortion law reform try to advance their cause by handing out "deliberately inflated" statistics on the number of illegal abortions performed each year, a legal expert charged Tuesday.

Dr. John T. Noonan Jr., a law professor at the University of California at Berkley, charged also that there is "discrimination in favor of the rich" who can afford to pay for legal abortions.

Noonan said "50,000 is a quite reasonable estimate for the number of abortions a year."

Testimony last year before a special Michigan legislative committee studying abortion laws indicated estimates on abortions range as high as two million a year in the United States.

Poor Enforcement

"If the truth can be spread," Noonan said, "much of the steam can be driven out of the organized effort for reform."

Noonan and Dr. Ralph Slovenko, former Tulane University law professor and U.S. commissioner of the Louisiana Supreme Court, appeared at Michigan State University in the continuing colloquy on "Sexuality: a Search for Perspective."

Present antiabortion laws are "not being enforced properly," Noonan told a news conference. "I think more can be done to protect the person in the womb."

Noonan, who earned his doctorate at Catholic University, added however that recent court decisions have "preferred the child's right to live to the right of the mother to kill the child."

Slovenko called for the removal of "sex" as a terms in laws, saying "sex laws are self-defeating."

Nonsex Laws

"Nonsex laws can probably better deal with the problems," he said.

A person charged with homosexuality—or a "crime against nature" as that is known in the law—is "stigmatized," Slovenko said. "He immediately pleads guilty, even if he's not. He wants to get out of there as quickly as possible" and avoid publicity, he added.

"This in effect denies the individual a fair trial," Slovenko said.

Sex laws do not protect the community, he maintained, because persons who have been the victims of offenders do "not want the agonizing experience of testifying in court."

It's aggression and public indecency that we're concerned about," Slovenko said. "We don't care if (homosexuals) get together in privacy of a bedroom," he suggested.

"But it's the aggression or gross violation of public decency. We'd protest a public display of heterosexuality as well."

Milliken Pays Surprise Visit

LANSING (AP)—As the Senate went solemnly about its business, a stir began in the back of the chamber and there he was—Gov. William Milliken.

Unlike most previous governors, who entered the chambers amid pomp and ceremony on formal occasions, Milliken wandered unannounced Tuesday into both House and Senate "just to renew some old friendships and ties."

"What's he lobbying for?" stage-whispered a Democrat.

"Nothing this time," Milliken told reporters. "I think it's important to stay close to the Legislature."

The new governor shook hands and conferred with several senators for about 10 minutes, then headed across the Capitol to the House chamber.

Few heads turned when he walked in.

But Rep. Josephine Hunsinger, D-Detroit, announced his presence and Speaker William Ryan, D-Detroit, welcomed him to the chamber. "We hope this is the first of many visits in the next two years," Ryan said.

For 20 more minutes, the governor shook more hands and held more conferences, moving from legislator to legislator.

How often did he plan to pay the surprise visits?

"I guess whenever the spirit moves me," he declared with a grin.

Senator Sets Limit On Gifts

WASHINGTON (AP) — When someone gives him a present, Ohio's Stephen Young is careful it doesn't compromise his position as a United States senator.

"I've got a $5 limit on all gifts," says Young.

Someone recently gave him a case of costly scotch whiskies and the venerable Democrat returned all but one bottle.

"I appraised it," he said, "at $4.99."

Education Bills Omit Parochiaid

LANSING (AP) — Identical budget bills were introduced in both houses of the Legislature Monday night to provide about $845 million in state aid for public elementary and secondary schools.

Whe bills reflect the proposals outlined earlier in Gov. William Milliken's budget message.

The total includes an increase of about $48.9 million membership allowances because of an anticipated enrollment increase of about 49,000 pupils in the elementary and secondary grades, authorities said.

No provision was included for aid to nonpublic schools.

Kelley, Nixon Discuss Crime

LANSING (AP) — Atty. Gen. Frank Kelley says his meeting with President Nixon Tuesday was "a meaningful and fruitful exchange of views concerning the problems of crime."

Kelley, U.S. Atty. Gen. John Mitchell and seven other state attorneys general met for 45 minutes with Nixon in the White House.

The President indicated a deep concern about means of combatting crime, Kelley said. "There was an encouraging unanimity of views relating to the need for a positive and full-scale war on crime and organized crime."

Supervisor Pay

PORT HURON (AP) —St. Clair County's new 15-member Board of Supervisors set their salaries today at $2,500 a year, plus $25 per meeting attended.

Neighboring Sanilac County's Supervisors set themselves a flat salary of $3,600 to cover up to 50 meetings a year.

MEMBERS OF THE QUEEN'S COURT for the International Gold Cup Races for snowmobiles at Gladstone next weekend include, from left: Suzi Bauman, Laurrie Kaufman, Ruth Martin, Kristen Olson and Debbie Nolan. One of the girls will be named queen of the race meet at the luncheon at the James T. Jones School on Saturday noon. They'll all participate in the race parade in Gladstone on Friday evening. (Daily Press Photo)

State Offering Aid To Fishermen

"It's been said that 10 per cent of the fishermen catch 90 per cent of the fish. If your angling exploits leave something to be desired, prepare now for the spring and summer fishing seasons ahead," says Kenneth Berg of the Department of Natural Resuorces.

The department has help available in the booklet, "How to Catch Fish in Fresh Water". Well illustrated, it goes beyond the cane pole stage to casting and spinning, where to fish, how to play your prize and other tested fishing tips. "Get the free booklet by writing "How to Catch Fish, Department of Natural Resources, Lansing", suggests Berg.

Occasional winter thaws should trigger a special warning to late ice fishermen to check ice conditions especially at inlets or outlets and along shorelines.

Shanty-owning fishermen are legally obligated to remove their shelters before the ice becomes unsafe.

"If you're an ice fisherman who is also a sportsman, you'll remove your cans and other litter when leaving the lake," says Berg.

Hot for this week is bluegills, from Anderson and Little Shag lakes in the Gwinn area, using ice flies and wigglers.

Trout fishing continues fair in Johnson Lake near Gwinn and Trout Lake and Ackerman Lake in Alger County. Northern pike spearing on 16-Mile Lake in Alger County also continues productive.

The average discharge of electric eels exceeds 350 volts, according to the National Oceanographic Data Center. Current usually amounts to a fraction of an ampere.

Never Heard Order To Burn Pueblo Documents

CORONADO, Calif. (AP) — An intelligence technician has testified that he did not hear the intelligence officer of the USS Pueblo issue any orders while the ship was under attack. The technician said he himself gave the order to start destroying classified equipment.

Chief Communications Technician James F. Kell, 32, of Honolulu said further that the "burning of classified documents ceased when he received word from someone to stop burning," according to a Navy summary of unclassified testimony released Tuesday.

"He couldn't remember who gave the word . . ." the Navy said.

In response to queries from the court, Kell stated his opinion of the Pueblo's intelligence officer, Lt. Stephen Harris. Kell said Harris was "an average officer—nothing outstanding and nothing bad."

Report $9.6 Million Error In State Budget

LANSING (AP)—A private organization which recently analyzed Gov. William Milliken's proposed budget has concluded that the governor's revenue estimate for the current year is $9.6 million too high.

Although the difference between the Citizens Research Council and the governor's budget bureau is small in terms of percentage, it would, if the CRC is right, virtually obliterate the $12.9 million surplus Milliken projects for July 1, 1970.

The council, a nonprofit group with offices in Lansing and Detroit, also said Milliken's budget-writers hit estimated revenue for the coming fiscal year right on the nose.

For the current year, which ends June 30, Milliken predicts unearmarked state general fund revenue of $1,375.5 million. The CRC estimate is $9.6 million lower.

For fiscal 1969-70 the CRC revenue estimate is $.,454.9 million —just $1.7 million higher than the governor's budget figure.

Milliken, using the figures supplied by his budget bureau, predicts the treasury's general fund will begin the new fiscal year with a $70 million surplus.

Although his proposed $1.51 billion budget would require the state to spend more during the 12-month period than taxes bring in, Milliken projected a $12.9 million surplus at the end of 1969-70.

Most of the discrepancy between the two 1968-69 estimates lies in the yield of the new state income tax. Milliken estimates a yield of $539.6 million and CRC's estimate is $15.6 million lower.

Sen. Charles Zollar, R-Benton Harbor, chairman of the Senate Appropriations Committee, requested the CRC analysis.

Guarantee Fair Car Warranty

WASHINGTON (AP) — Paul Rand Dixon, chairman of the Federal Trade Commission, indicated today he will propose additional legislation to guarantee new car owners a fair warranty for their automobiles.

"The consumer is entitled to believe what he hears and what he sees, and if he has a warranty on his car he is entitled to have that warranty fulfilled," Dixon said after closing eight days of public hearings on new car guarantees.

He said the commission will receive supplemental briefs during the next 30 days, then study more than three years of staff reports and thousands of words of testimony taken at the hearings.

Dixon said he would not "regulate for the sake of regulation," but he conceded to newsmen that a serious problem exists and must be solved by further legislation if current rules aren't adequate.

He indicated he does not think they are, but said he wants to keep an open mind until all evidence has been sifted and opposing viewpoints studied.

Dixon said the FTC had delayed too long taking action on auto warranty problems. Staff investigations began in 1965.

The public hearings in the last two months came after the release of an FTC staff report that contended the auto industry values sales far above service. The report accused both dealers and manufacturers of failing to live up to new car guarantees.

Name Highway For Am. Legion

LANSING (AP) — Michigan's segment of I 75 will be designated the American Legion Memorial Highway if the Senate goes along with a measure approved by the House Tuesday.

The resolution, introduced by Rep. Thomas Anderson, D-Southgate, was approved by the House on a voice vote.

Anderson said legislatures in the other states through which the expressway passes will be asked to approve similar measures, thus giving the designation to the entire length of the Michigan-to-Florida highway.

Dow Earnings

MIDLAND (AP) — The Dow Chemical Co. has reported estimated sales of $1,652.5 million and net income of $136 million for 1968. Per-share earnings of $4.51 were compared to 1967 earnings of $4.41 on sales of $1,382.7 million.

Church Events

Evangelical Covenant Church

Circles of the Evangelical Covenant Church will hold their regular meetings on Thursday this week. The Afternoon Circle will meet at the home of Mrs. Clarence Goodman, 408 S. 7th St., at 2:30 p. m. Mrs. Walfred Linne and Mrs. John Lindgren are in charge of the program. The Evening Circle will meet with Mrs. Carl Nyberg, 816 Montana Ave., at 8 p. m. The program will be presented by Mrs. James Goodyer and Mrs. Jerrold Becvar.

GLADSTONE

Mother's March Great Success

It seems that Valentine's Day arrived a little early in Gladstone this year as people opened their hearts and purses to the Mother's March for the March of Dimes Monday evening.

"It is amazing", Mrs. Marven Larsen, March chairman, said, "how everyone, especially our older citizens, support this drive." We have collected a total of $912 in Gladstone and Kipling with a few envelopes yet to be turned in.

Mrs. Milburn Nolan, co-chairman and Mrs. Larsen said they wish to thank Mrs. Alvin Soderman, who was captain in the Buckeye area, and all the ladies who gave of their time for this March. The co-chairmen also wish to thank the people of Gladstone for turning on their porch lights and once again making us proud to live in a concerned community.

Mrs. Soren Johnson's name was inadvertently omitted from the list of volunteer mothers.

Miss Sjoquist Named Finalist

Kristine Sjoquist, daughter of Mr. and Mrs. Reuben Sjoquist, 306 S. 9th St., has been selected as a finalist in the Michigan Daughters of American Revolution (DAR) good citizens competition.

Miss Sjoquist was named "DAR Girl" for Gladstone High School earlier this year on the basis of her scholastic and citizenship record as a student.

The statewide winner will be announced at a luncheon March 20 at the Pick-Durant Hotel in Flint.

Miss Sjoquist is a senior at Gladstone High School. She is president of the Gladstone High School band, a student council representative, a member of the National Honor Society and also is president of the Gladstone Tri-Hi-Y organization. In addition, she is business manager of the yearbook, received the Outstanding Teenagers of America award, and is a member of the Youth Group and the choir of First Lutheran Church. She also is active in 4-H Club work.

The statewide winner will receive a $100 savings bond and will advance to the national competition where the top prize is a $1,000 college scholarship.

A quart of milk weighs 2.15 pounds.

FRONT END LOADER BIDS WANTED

The City of Gladstone will receive sealed bids until 7:30 p. m. CST Monday, March 10, 1969 for furnishing one Rubber Mounted Front End Loader of 1 and ¾ cubic yard capacity. Specifications are available from the city manager. The city reserves the right to accept or reject any or all bids and waive irregularity in bidding as it appears in the interest of the City.

Bids shall be firm to time of delivery.

Bids shall be plainly marked "Front End Loader Bid," and addressed to H. J. Henrikson, City Manager, 1100 Delta Ave., Gladstone, Mich. 49837

R.N. Refresher Courses May Be Offered Here

An acute shortage of professional nurses throughout the state of Michigan (estimated 5,000) and in the immediate area may be alleviated, to a certain extent, by refresher courses for inactive nurses.

Such courses have been conducted throughout the state and 235 inactive nurses have returned to employment in hospitals or health facilities. The 240 hour course concentrates on updating the knowledge and skills of nurses. Approximately half the time is spent in supervised clinical practice and the other in theory.

Federal funds under the Manpower Training Act are available if sufficient number of R. N.'s in the area are interested. Training facilities throughout the state have been Community Colleges and or local hospitals.

Interested R. N.'s are asked to contact Elizabeth Nelson, R. N., at the Gladstone school or call 428-9863 as refresher courses may be offered locally.

Events

Square Dance

The Cotton 'N' Jeans Square Dance Club of Iron Mountain will hold a dance Feb. 15 at St. Anthony's Hall in Niagara, Wis. Dancing will begin at 8:30 p. m. and the caller will be Warren Gruetzmacher. All square dancers are invited.

* * *

Senior Citizens

Senior Citizens will meet at 7 p. m. today at St. Patrick's Hall. Cards, lunch and dancing will be held.

* * *

Newcomer's Club

Escanaba Newcomer's Club will meet at 8 p. m. Thursday, Feb. 20 in the Michigan Consolidated Gas Company's new Hospitality Center. Speaker for the evening will be Professor Richard Bucksar.

* * *

Rebekah Lodge

Phoebe Rebekah Lodge 179 will meet at 8 p.m. Thursday. Hostesses are Dorothy VanEffen, Anna Peterson, Delia Peterson and Dagmar Wicklund.

Garden Peninsula

Returns Home

Mrs. Margie Tobin has returned to her home here after visiting her children and their families, John Tobin of West Branch, James Tobin, Detroit, Lucia Boonenberg of Taylor, Clyde Tobin of Lansing, Miss Beth Tobin of Clarkston; and sisters, Nina Stellwagon and Fern Mellon of Detroit. The inclement weather conditions prolonged her visit by two weeks.

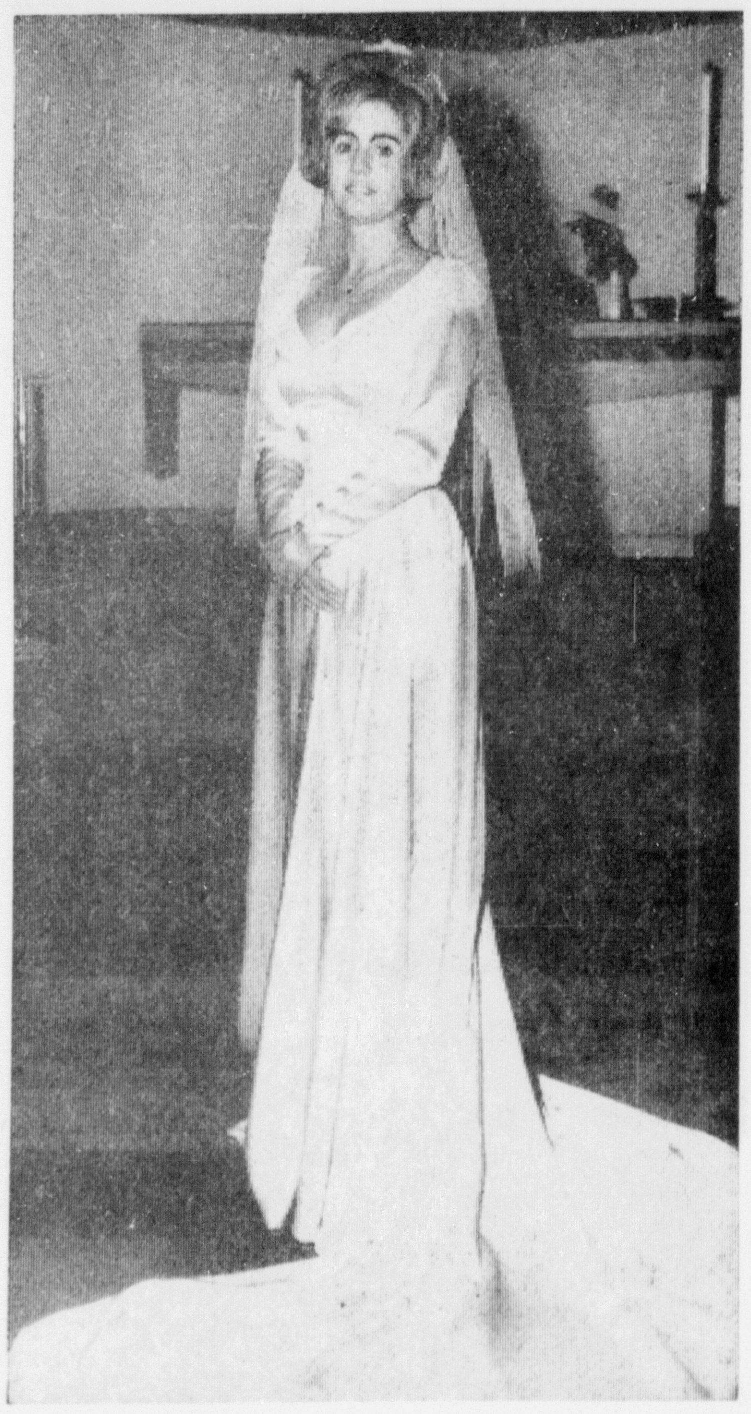
Visitors at the Richard Spaulding farm were Rufus Spaulding, the Grover Spauldings and Mrs. Alex Busch and family of Manistique.

Attends Dinner

Mrs. John Parsly, Kates Bay, attended the annual dinner of the Escanaba area Chamber of Commerce held Thursday, Feb. 6 at the Dells Supper Club. Mrs. Parsly is the only member from the Garden area.

Sister Marlene of Iron Mountain was a weekend visitor at her parents' home, Mr. and Mrs. Virgil Winter.

Florence Nightingale became famous during the Crimean War.



THE WSCS OF THE Central Methodist Church is presenting a "Wedding Day Memories" social Thursday evening at the church and wedding gowns from the past will be featured during the pageant. Mrs. Gerald Martin, above, models a gown from 1934, which was donated by the Mata Brown Shop. The gown of ivory bridal satin is fashioned with an off-the-shoulder lace trimmed neckline, long tapered sleeves with button closures and a long satin train. With the gown she wears a sweetheart pendant and lace shoes. Her headpiece and veil were worn by her aunt, Mrs. Ralph LaCasse on her wedding day in 1945. (Daily Press Photo)

Bark River

Mrs. Joseph Grzybowski, Jr., who had surgery at St. Mary's Hospital in Marquette, returned to her home here last Thursday.

Weekend guests at the Carl Sarasin home were Lt. Tom Sarasin of Kalamazoo; Mr. and Mrs. Richard Sarasin and children; and James, Sharon and Theresa Sarasin, all of Milwaukee.

Leonard Niquette who was a medical patient at St. Francis Hospital for several days returned to his home Saturday.

Mrs. William Nelsen of Powers and Mrs. I. R. Nelson went to Iron Mountain Sunday to visit the latter's mother, Mrs. Willard French who was celebrating her 94th birthday.

Mr. and Mrs. Rudolph Niquette of Lena, Wis. were weekend guests of Mr. and Mrs. Norman Niquette.

Births

JONES — Mr. and Mrs. Myron James of Brampton are the parents of a daughter, Myra Michelle, weighing 8 pounds and 13 ounces, born at 3:21 a.m. on Feb. 11. The mother is the former Barbara Berg.

SODERGREN — A daughter, as yet unnamed, weighing 7 pounds and 7 ounces, was born to Mr. and Mrs. Marshall Sodergren of Rte. 1 Escanaba, at 8:53 p.m. on Feb. 11. Mrs. Sodergren was Bonnie Plouff.

BUTCH — At 11:39 p.m. on Feb. 11, a son, Wesley Alan, weighing 7 pounds and one ounce was born to Attorney and Mrs. Thomas Butch of 1108 Minnesota Ave., Gladstone. The mother was Margaret Alice Smith.

POMEROY — Mr. and Mrs. Dennis Pomeroy of Nahma are the parents of a daughter born at 9:15 a.m. today, Feb. 12. The infant weighed 6 pounds and 13 ounces at birth and has been named Amy Lynn. Mrs. Pomeroy is the former Jean Juneau.

WILFONG — A daughter, Cheri Ann, was born to Mr. and Mrs. Thomas Wilfong of 1225 Washington Ave., at 9:50 a.m. today, Feb. 12. The infant weighed 8 pounds at birth. Mrs. Wilfong was Donna Mae Bryson.

Wedding Day Memories Social Set Thursday

By JANET MARTIN

Just in time for St. Valentine's Day, the day of hearts and flowers, the Women's Society of Christian Service of the Central United Methodist Church is presenting a, "Wedding Day Memories," social Thursday evening in the church sanctuary.

The program will begin at 7:30 p. m. Tickets are $1 per person and will be available at the door.

Wedding gowns from the past, beginning with 1880 through 1968 will be shown, interspersed with various musical selections and a brief history of the wedding ceremony and customs.

Pageant Models

Models for the pageant will be, Mrs. Glen Ahlin, Mrs. Harold Olson, Mrs. Billy Brannon, Mrs. Duke Gardiner, Mrs. Gerald Martin, Mrs. Mery Torian, Mrs. Gary Johns, Mrs. Joseph Basile, Mrs. Richard Pasino, Mrs. Art Arch, Mrs. Don LaVelle Mrs. Robert Selberg, Mary Krohmer, Betty Stoneclift, Irma Woodard and Paula Anderson.

Completing the program will be a salute to a new bride, Mrs. Gary Butryn, who will model her own wedding gown. Completing her wedding party will be bridesmaids, Janice Johnson and Bonnie Bergquist and flower girls, Holly and Lisa Phelan.

Presenting musical numbers will be Diane Coplan, Mark Setterlind and Rosemary Hakes.

Reception

Following the program refreshments will be served in the church fellowship hall and all interested persons are cordially invited to attend.

Mrs. Ralph Anderson is general chairman of the event and she is being assisted by Mrs. Clarence Moyle, Mrs. Wayne Cooper, Mrs. Burton Butler, Mrs. Tom Gafner, Mrs. Bert Bertolaet and Mrs. Arthur Bolm.

Alice R. Longworth Marks Birthday Today

WASHINGTON (AP) — Alice Roosevelt Longworth, minus the ever-present cigarette but in full possession of her famous wit, turned 85 today still talking about the White House as if it were hers.

"At the moment, I seem to have become a loathesome combination of Marie Dressler and Phyllis Diller," says the only daughter of Theodore Roosebelt's first marriage in reference to a reputation for theatrics as well as acid humor.

"And," she adds, "That's the last thing I would really care to be."

Mrs. Longworth, who has known every president since Benjamin Harrison—1888-1892—will celebrate tonight in her usual manner.

Birthday Dinner

Close friends and relatives will gather for dinner in the fading mansion near Washington's Dupont Circle where she has lived for 44 years among paintings, photographs, books and dusty animal skins that recall her father's Big Game days.

Wiry and energetic, Mrs. Roosevelt remains a sought-after guest and was one of the earliest invited to dinner after the Nixon's moved into the White House last month.

She holds court in the afternoon at her regular teas, spends time browsing small stores and book shops, and "goes out when I have enough invitations to enjoy."

Her conversation turns often to the White House where she lived from 1901 until her marriage there in 1906 and still known it like any of the books she reads till sunup every day.

The Red Room? "I remember the gloom of the Red Room."

The Green Room? "Ugh ... The ugly, ugly Green Room."

An oval room upstairs is that "very pretty yellow oval room, then not so pretty (in 1909)."

Reads All Night

Mrs. Longworth, whose husband Nicholas died in 1931 while speaker of the House, says she likes her days to begin "at 11 a.m. after reading all night."

Her servants come at 11, she says, "but I say 'go away' and then they come back at half past one."

Mrs. Longworth still retains much of the impishness that made her a living legend in Washington.

That impishness prompted her to keep as a pet until recently a garter snake she called "Emma Spinach."

And impishness that also prompted one of her more famous remarks:

"If you haven't got anything nice to say about anybody, come, sit here by me."

Given Up Smoking

But she says she has long since given up the smoking that she took up at age 18, astonishing a capital society that frowned on women who had the habit.

"How horryfying!" she commented recently while looking at a picture of herself with a cigarette holder. But at the same time she recalled giving her distant cousin Franklin, 32nd president of the United States, the first of a series of holders that popped up in many of his pictures.

Asked who of all the presidents she found the most interesting, Mrs. Longworth said:

"I think the three we've had now. They're all so different, beginning with Kennedy, Johnson and then Nixon."

Senior Citizens Sponsor Dance

TRENARY—Senior Citizens of Trenary, Chatham and Eben will meet at 1 p. m. Monday, Feb. 17 at the Trenary Townhall. A conservation officer will be present to show slides on fish and wildlife.

The Senior Citizens are sponsoring an Old Time Dance at the Trenary Townhall on Feb. 22. Lunch will be served and several door prizes will be awarded during the evening.

Admission will be a free will donation and the proceeds will be given to the Brookridge Home for Retarded Children in Marquette.

Isabella

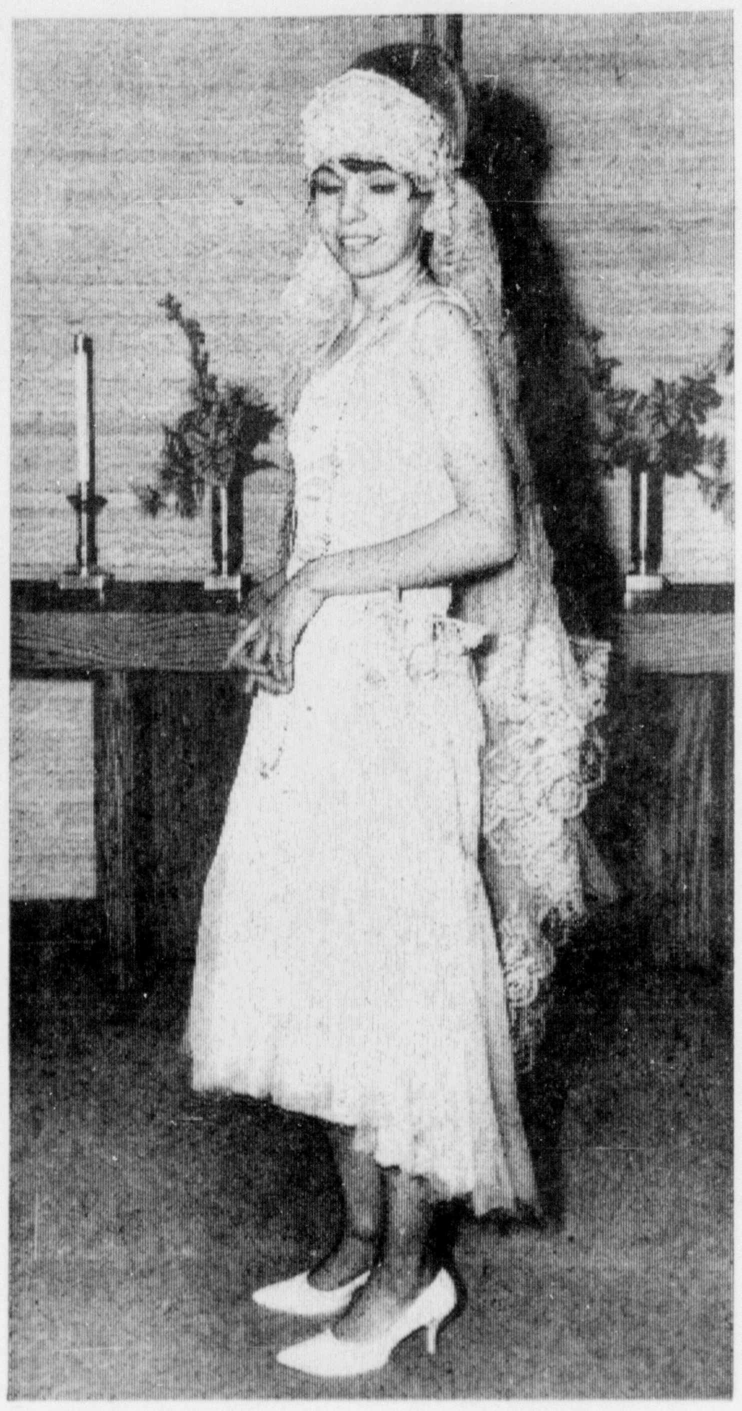
Birthday Party

Mrs. Henry Legault was the guest of honor Sunday evening at a birthday party given at her home. A pink and white decoated cake centered the dinner table. Guests included Henry, Violet, Gail and Carolyn Legault, Harvey, Ruth, Ted and Ingrid Sundin.

Mrs. Al Asplund, Mrs. Kenneth Peterson and Mrs. Beda Sundin of Cunard and Escanaba were guests of Mr. and Mrs. Harvey Sundin on Sunday.

Sewing Quilts

The ladies of the Bethany Lutheran Ladies Aid are sewing quilts for Bay Cliff Health Camp on Wednesdays. Anyone interested in helping is welcome.



MRS. DUKE GARDINER is shown here modeling a flapper style wedding gown of the 1920's. The gown, donated by Mrs. Gustave Anderson, is styled with a short satin bodice and triple layered skirt of net over lace. The flower on the side was a style of the times. A pearl trimmed headband secures her long lace trimmed veil. This is one of the many wedding gowns from the past that will be shown at the "Wedding Day Memories" social beginning at 7:30 p. m. Thursday at the Central United Methodist Church. (Daily Press Photo)

Legion Auxiliary Plans March Card Party

BARK RIVER—The Rheaume-Knauf American Legion Auxiliary met Monday evening in the Legion clubrooms and viewed the display of new kitchen utensils purchased by Mrs. Kenneth Taylor and her committee.

The bake sale held Saturday morning at Adam's Grocery was successful, as reported by Mrs. Martin Kwarciany.

All past-presidents of the auxiliary are requested to attend a meeting to be held Monday, Feb. 17, at 7:30 p. m. at the home of Mrs. Kenneth Taylor. Canceled stamps, which are used to purchase powdered milk, are to be turned in to Mrs. Arthur Fournier.

Girls' State chairman, Mrs. Betty Olson, announced that a local girl will be sent to Girls' State in Ann Arbor in June.

A card party is planned for Saturday, March 15, in the Legion Hall and proceeds will go to defray the expense of the Girls' State delegate.

A potluck supper will be held at the March 10 meeting in observance of the Legion's birthday. Mrs. Philip Norman won the guest prize. Lunch was served to the Legionnaires and Auxiliary members by Mrs. Edward Motto, Mrs. John Moniowczak and Mrs. Ray Meyers.

FORCED TO RENT

Fully equipped beauty salon, due to small child. Could also be used for barber shop. Will sign lease. For information call 786-3049.

Increase School Aid Only If They Improve: O'Neil

LANSING (AP) — State aid to schools should be increased only when the schools can show improved attendance, improved achievement and better use of educational resources, says a member of the State Board of Education.

In what he termed a "special report," board member James F. O'Neil also maintained that educators, parents and youth are "flunking" when it comes to increasing the emphasis on morality in schools.

"It is obvious that we are not doing the needed job in teaching and inculcating morals and values in today's youth," O'Neil said.

He said 75 per cent of the major crimes committed in Michigan are committed by youth 21 and under and 50 per cent of the major crimes are committed by youth under 17.

Achievers

"When you add to this the increasing use of drugs by youth and increasing campus disruptions, it is obvious tha we are not educating our children very well for life," O'neil said.

"In addition, there is no evidence that our children are academically achieving any better."

O'Neil said he has asked Gov. William Milliken and legislative leaders to establish "a system of educational accountability."

"I believe any increased state aid should only be paid on the basis of improved performance measured by improved attendance, improved achievement and improved utilization of educational resources," he said.

State aid should be paid to schools on the basis of average daily attendance figures rather than the present one-day count, O'Neil proposed.

Positive Attitudes

"There are those who cry out that you can't measure education achievement," he said. "However, I am of the belief that any system that can grade each and every student from A to F has the basis for measuring each classroom, school and system.

"There is a need for a more positive attitude on the part of teachers toward our economically deprived children and a more relevant educational program that offers increased opportunities to develop marketable skills," he added.

O'Neil also proposed extended school days, weeks, months and years.

"I believe the year - round school is one of the most significant steps that can be taken in this space age society to unhobble ourselves from the present horse and buggy school system," he said.

Small Gains On Stock Market

NEW YORK (AP) — The stock market improved early Wednesday, posting a small gain in fairly active trading.

The Dow Jones industrial average erased its initial loss and was up .74 at 949.71.

Gains outnumbered losses by fewer than 100 issues.

Among active stocks, Armour was off 2, and Cities Service was up about 2, while Budd Co. slipped more than a point.

Up a point or so were IBM, Control Data, Xerox, Standard Oil of Indiana and Dennison Manufacturing. Down about a point were Boise Cascade and Reynolds Tobacco.

The stock exchange went back to its usual four-hour session after an abbreviated 3-hour session Tuesday and a closing Monday because of heavy snow that snarled communications in the New York City metropolitan area.

Funding Plans On College Board's Agenda Thursday

The formulation of plans for funding the proposed Bay de Noc Community College building program will be discussed by the College Board when it meets at 7:30 p. m. Thursday, reports Dr. Richard Rinehart, president.

Decisions by the board on facility plans and financial plans are scheduled; and there will also be a report by the Department of Education concerning districting for community colleges in the Upper Peninsula and its implications for Bay de Noc.

Board member associations and national meetings, and personnel recommendations are also on the agenda.

MSU Honors Six Stars Of Faculty

EAST LANSING — Michigan State University presented its highest faculty honor — The Distinguished Faculty Award— to six professors Monday night.

The awards, each including a $1,000 check, were made by MSU President John A. Hannah to Dr. Georg A. Borgstrom, professor of food science and geography; Dr. Wade O. Brinker, professor of small animal surgery and medicine; Dr. Alan P. Grimes, professor of political science; Dr. Fritz Herzog, professor of mathematics; Dr. Herbert J. Oyer, chairman of audiology and speech sciences; and Dr. N. Edward Tolbert, professor of biochemistry.

Lady Bird Transfers Shares

WASHINGTON (AP) — Lady Bird Johnson has applied for the transfer of 313 shares of Texas Broadcast Corp. to herself from a trust set up when her husband was President.

The stock represents 52.8 per cent of the firm which controls four broadcasting stations in Texas, Oklahoma and Louisiana and holds substantial interest in two others.

The Federal Communications Commission said it had no estimate of the value of the stock. Mrs. Johnson's two daughters own 15.45 per cent each of Texas Broadcasting.

Boy Injured In Traffic Mishap

Paul J. Derouin, 6, of 405 S. 15th St., was slightly injured Tuesday afternoon when he ran into the street and was struck by a car driven by William J. Henderson, 70, of 619 Ogden Ave.

The boy was examined at St. Francis Hospital and released.

Officers reported that the boy ran from in front of a truck parked in the lane of traffic in the 1500 block, 1st Ave. S.

Briefly Told

Elks Lodge 354 will hold an important business meeting at 8:30 p. m. Thursday, Feb. 13. Lunch will be served.

The address of Lyle Johnson Welk, a member of the Escanaba High School Class of 1929, is still being sought by the reunion committee. Anyone having her address is requested to call 786-5492 after 6 p.m.

High-Priced Boards Criticized By Kuhn

LANSING (AP) — A Republican legislator took another shot at high-priced county boards of supervisors Tuesday, condemning actions in Wayne, Macomb, Genesee and Calhoun counties specifically.

Sen. George Kuhn, R-Birmingham, introduced a resolution expressing "severe condemnation" of those boards for "utter disregard of the principles of fair and adequate compensation for work performed."

The measure also commended "sound discretion and excellent judgment" of supervisors in counties which have fixed their pay at not more than $4,000.

The supervisors have until Feb. 15 to set their own pay rates.

Secret Meeting

Kuhn earlier introduced a bill which would have set a $4,000 maximum on supervisors' salaries, but that measure has not yet been reported out of committee.

Supervisors in Wayne County had set a $12,500 annual salary with provisions for $40 more for each day they worked. A recall movement was initiated there and in several other counties.

Wayne County supervisors later held what was believed to be the first secret board meeting this century to discuss the situation.

"The Legislature severely condemns the boards of supervisors of Wayne, Macomb, Genesee and Calhoun counties for their recent actions in establishing grossly excessive supervisors' salaries," said Kuhn's resolution.

Reconsider

The actions, it said, "have made a mockery and travesty of supervisors' administration of county government by fixing (salaries) at levels far in excess of any figures within reason."

The measure urged these boards to "reconsider their actions immediately and to establish salaries within the maximum ($4,000) set forth."

Sen. Gilbert Bursley, R-Ann Arbor, meanwhile, introduced a resolution calling for the governing boards of Michigan's "Big Three" universities to be appointed by the governor instead of being elected. A similar measure has been introduced in the House.

Education Boards

"This is no reflection on anybody presently elected," Bursley said. "I think we'd have better qualified people," he said, if the board members were appointed.

Democrats swept all state education boards in the November election as Hubert Humphrey won the state's presidential vote. Two Republican members of the State Board of Education called immediately for a change in the selection system.

Bursley's proposal would empower the governor to appoint members of the Michigan State University Board of Trustees, University of Michigan Board of Regents and Wayne State University Board of Governors as terms of the present members expire.

Obituary

MRS. LAURA WALSTAD

Funeral arrangements for Mrs. Laura Walstad have been completed as follows: friends may call at the Allo Funeral Home from 3 to 9:30 p. m. Thursday and complete funeral services will be conducted at the funeral home chapel at 2:30 p. m. Thursday. The Rev. Roger Patrow will officiate and burial will be in Lakeview Cemetery.

MRS. FRANK NEWHOUSE

Complete funeral services for Mrs. Frank Newhouse were held this morning in St. Joseph's Church with the Rev. Isidore Walter officiating. The pallbearers were Edward Wickholm, Robert Willis, Carl Westerberg, Joseph Kroll, Clinton Groos and Francis Breault. Burial was in Gardens of Rest Cemetery.

RAPHAEL (RAY) SHEEDLO

Funeral services for Raphael (Ray) Sheedlo were held at 9 a.m. today at St. Joseph's Church with the Rev. Jordan Telles officiating. Burial was in Gardens of Rest Cemtery. Pallbearers were Patrick, John and Paul Coan, Ernest Sheedlo, Sid Lambert and Walter Doehler.

MRS. WILLIAM GOOD of Bark River, clinical instructor at the School of Practical Nursing, Bay de Noc Community College, has been selected one of the "Outstanding Young Women in America for 1968" and her biographical sketch will appear in the publication, "Outstanding Young Women of America." The program, sponsored by the Outstanding Americans Foundation, is designed to recognize community service, religious, political and professional endeavors of women between the ages of 21 and 35. (Daily Press Photo)

Three Injured In 2-41 Crash

Three persons were injured in a two-car traffic accident early Tuesday night on U.S. 2 and 41 in Masonville Township, State Police reported.

Officers said Irene Ohlen, 50, of Rte. 1, Rapid River, lost control of her car about three tenths of a mile south of County Rd. I-32, skidding into the path of a car driven by Charles Doonan, 55, of Rapid River. Both drivers and Rose Doonan, a passenger in her husband's car, were taken by private automobile to a doctor's clinic for treatment.

Irene Ohlen was ticketed for violation of the basic speed law. Doonan received a summons for an expired operator's license.

State Police also reported that a 16-year-old youth received a citation for violation of the basic speed law after his car hit the rear of a car driven by Mildred Ranguette, 53, Rte. 1, Rapid River. Officers said she was making a right turn into a private driveway from U.S. 2 and 41 in Masonville Township when the accident happened. No injuries were reported.

Await Emergence Of Worldwide Economy

By LISA CRONIN

NEW YORK (AP) — While everyone worries about the U.S. balance of trade and the stability of the dollar, some farsighted economists are looking to the day when the notion of an American economy will be oldfashioned.

Just as the corner grocery stores merged into the national chains in the United States, they feel the national economies — English, French, United States, Japanese—will merge into a worldwide economy.

The world economy will be brought into being by the multinational corporation—big companies like International Business Machines and International Telephone & Telegraph.

These companies and others like them invest where it is most productive, ignoring national boundaries. Some day, economists say, the big corporations won't be German, or French—they will be international.

Nations won't be separate economic units linked by trade. They'll be joined by patterns of resources and production the way the American economy is integrated today.

"Today a nation that wants to sell abroad has two choices," said Judd Polk, director of programs and studies for the U.S. Council of the International Chamber of Commerce.

"Either it can make goods at home and export them to foreign countries or its companies can make the goods abroad and deliver them to foreign markets," he said.

Polk, who emphasized he was giving his personal views, pointed out that U.S. production abroad is already five or six times larger in output terms than U.S. exports. And U.S. world companies are showing a total annual growth rate of about 10 per cent.

"If you're going to get real use of demand in the world market, you're going to have to be close to that market," he said. "We're swinging into a period when production is international—with tremendous gains to be realized."

"This growth would be much reduced if we generate a system of controls—if we hedge our decisions of what to build and where to build it with noneconomic considerations," Polk said.

Polk would like to see the end of controls on the export of credit abroad as well as other quota and tariff restrictions.

"But if we insist on following a pure line against quotas, we will have to entertain some problems of dislocations," he said. He feels programs to help injured industries must be strengthened.

Sisters Of Man Hanged In Jail Attack Police

DETROIT (AP)—Four sisters attacked two policemen at Wayne County Morgue Tuesday after identifying the body of their brother who was found hanged to death in a suburban jail cell, police said.

The women, who accused the Grosse Pointe Park policemen of their brother's death, were charged with assault and released on $500 personal bond by Recorder's Judge Frank G. Shemanske.

The attack happened, police police said, after the sisters and eight other relatives showed up to identify the body of Audley J. Badgett, 22, of Detroit.

Sgt. Thomas Martin suffered bruises and Patrolman William Futaw had a cut above his eye, it was reported.

Badgett was arrested Monday in the investigation of an alleged kidnaping and attempted rape of a 14-year-old girl on Detroit's East Side.

When Detroit police arrived to take Badgett into custody they found him hanging by his shoelaces in a jail cell.

An autopsy was ordered to determine cause of death.

Charged with assault were Sandra G. Cotton, 26; Vera B. Coates, 28; Shirley V. Mopress, 32, and Judia L. Holmes, 23 all of Detroit.

Dr. John Burton, Wayne County medical examiner, said because of the incident, he is asking the county to provide a full-time police guard at the morgue.

Exotic Dancer, Snakes Overturn

TUSTIN, Calif. (AP) — Three highway patrolmen and a Tustin policeman raced to a sports car overturned on the Newport Freeway Tuesday and found the occupants unhurt: a 30-year-old exotic dancer, a cobra, a rattlesnake and a 55-pound boa constrictor.

The snakes were venomless and she danced with them in her act, explained Carol Cybulski of nearby Laguna Beach. And would the officer please help corral them?

"I hate to admit it," said highway patrol officer Lawrence McMichael, "but that little girl had to round up those snakes herself."

Marquette Man Killed In Vietnam

WASHINGTON (AP) — Three Michigan servicemen were among 37 listed Tuesday by the Defense Department as recent casualties in fighting in Vietnam.

Killed in action were Army Sgt. Donald K. McLean, husband of Linda L. McLean of East Detroit; Marine Lance Cpl. Gary R. Haley, son of Mr. and Mrs. Robert J. Haley of Marquette; and Army Pfc. David F. Head, son of Mr. and Mrs. Willard F. Head of Clarkston. Head was previously listed as missing in action.

Physician Week

LANSING (AP)—Gov. William Milliken has proclaimed March 10-16 as Family Physician Week and Feb. 17-23 as Michigan Junior Ski Week.

Ruppe Seeks Time Opinions

WASHINGTON, D. C. — Congressman Philip E. Ruppe (R-Houghton) today requested public comment on a Dept. of Transportation proposal to place the Upper Peninsula of Michigan in the Eastern Time Zone.

The Eastern Time proposal was published in the Federal Register last Tuesday. Interested citizens and organizations have until March 19 to comment.

"It should be emphasized," Ruppe said, "that this is a proposal and not a final action. It does not represent a position taken either by my office or the Department of Transportation at this time.

"After March 19, all comments regarding this proposal will be carefully reviewed, and a determination will be made whether to adopt, modify, or change the proposal. The proposal is also dependent on the State Legislature not reversing the Michigan vote exempting the state from six months of daylight time."

Ruppe said opinion on the proposal should be sent to: Docket Clerk, Office of the General Conunsel, Dept. of Transportation, Washington, D.C. 20590.

Ruppe said he is making available to the Department all letters and petitions he has received to date on the time question and is hopeful that the final version of the proposal will be put into effect on April 28, when the national daylight savings time change is scheduled.

"With a little luck," he added "the confusion in the Upper Peninsula created by the Uniform Time Act of 1966, will be ended in the near future."

Ruppe said the city of Menominee, with its commercial and citizen ties to Marinette, Wis., probably will be confronted with the greatest difficulties resulting from the Time Act and the Michigan exemption from daylight savings time. To date there have been expressions of interest in year-around Eastern Standard Time from every county except Menominee, he said.

The Menominee County Board of Supervisors has voted to request Eastern Standard Time for the county, but the Menominee City Council has voted to observe Central Standard Time.

Seney

Honor Roll

Students on the Tahquamenon School semester honor roll were Janice Carpenter, Marlin and David Miller and Clark Luukkenon.

Mrs. Kenny McDonald of Waukegon, Ill., visited here over the weekend with her parents, Mr. and Mrs. Norman Nelson.

Mr. and Mrs. Lowell Maxon of Soo were callers here last Thursday.

Bible School

Harold Miller left Saturday for Carbon Hill, Ohio, where he will attend a six week Bible School.

Mr. and Mrs. W. Sommers of Millerburg, Ohio, are visiting here with their daughter and son-in-law, Mr. and Mrs. Roman Schlabach.

Stop Selling Dogs

GRAND RAPIDS (AP) — The state attorney general's office notified Kent County Tuesday that it must "bring an end to the illegal practice" of selling dogs for experimental purposes. An opinion was sought after it was disclosed that County Dog Warden Raymond Matthews had been selling unclaimed dogs to hospitals and other institutions.

Officers Tell Drug Problems

Sheriff officers from Menominee and Marinette counties teamed to tell Escanaba Rotarians Tuesday about drug perils to young people in this area, particularly at the college age level.

The speakers were Robert Hansen, Menominee County deputy sheriff, and Marinette Sheriff Donald Witt. They showed a movie made by California education, drug control and police agencies as the main part of their presentation.

The movie depicted the dangers of LSD, a mind drug which they reported to be in bootleg circulation among collegians and which causes unpredictable behavior and possible recurrences. The officers were particularly concerned, they said, with the sale and use of marijuana in this area and declared that there are at least two "pushers" of the drug in the Upper Peninsula area.

They reported medical opinion that marijuana was at least "psychologically" addictive and said that most users of addictive drugs like heroin had started with milder drugs like marijuana.

They described LSD as the most powerful mind altering drug ever discovered. Also referred to as "acid", they reported LSD easy to get from bootleg sources and said that is comes in solid and liquid form and that an eyedropper full will provide 10,000 doses to create hallucinatory trips." Hospital scenes in the movie showed the ravage of the drug on behavior.

Rotarians were asked to smell what marijuana smelled like when burning.

"We thought our community is so small we couldn't have a drug problem among our young people," said Witt, "but we have one."

Oppewall Heads Education Board

LANSING (AP) — The State Board of Education has named Dr. Peter Oppewall of Grand Rapids as its new president.

Oppewall, a professor of English at Calvin College, succeeds Dr. Edwin Novak of Flint.

A native of Massachusetts, Oppewall had been board secretary for the past two years.

Elected Tuesday to other board posts were Thomas Brennan of Dearborn, vice president; Michael Deeb of Highland Park, a new board member, secretary; and James O'Neil of Livonia, treasurer.

Oppewall is a former Fulbright scholar who received his doctorate in English from the University of Michigan.

In other action the board gave its approval for an April vote in Genesee County for enlargement of the present Flint Community Junior College District.

Missiles Will Be Built: Mahon

WASHINGTON (AP) — The chairman of the House Appropriations Committee says emphatically "I know" work will resume on the controversial Sentinel antiballistic missile system.

Democrat George H. Mahon of Texas, whose committee holds the purse-strings for the $5.5-billion system, made the prediction in an interview Monday although he said he had no direct assurances from Secretary of Defense Melvin R. Laird.

But, he added, "I know the Joint Chiefs of Staff, and I know Secretary Laird, and I know what their thoughts are on this matter."

James Farmer Is HEW Secretary

WASHINGTON (AP) — President Nixon today formally named James Farmer, a founder of the Congress of Racial Equality, as an assistant secretary of health, education and welfare.

Farmer, 49, told newsmen at the White House, "it was a very easy decision" to join the Nixon administration and declared his support for policies announced to date by HEW Secretary Robert H. Finch.

Svare Accepts Redskins' Post

WASHINGTON (AP) — Harland Svare, former head football coach of the Los Angeles Rams, was named today defensive coach of the Washington Redskins under his former mentor Vince Lombardi.

Svare, who coached the Rams from 1962 through 1965, is the second assistant named by Lombardi since taking over as head coach of the Redskins. Bill Austin, former Pittsburgh Steeler coach, was named Monday to handle the offense.

Phy Ed Plan

SAULT STE. MARIE —First step toward a more than $2 million physical education building for Lake Superior State College has been taken with approval for planning money included in the Governor's budget request to the Legislature for the college. The structure, if approved, as envisioned by Ronald "Bud" Coopder, athletic director at LSSC, would contain an olympic size swimming pool, indoor track, gym, classrooms, faculty offices and other facilities.

GM Planning To Spend $1.1 Billion

DETROIT (AP)—General Motors Corp. plans to spend $1.1 billion for new plants, equipment and modernization in 1969, with some 80 per cent of this being spent in the United States.

And GM Chairman James M. Roche told a news conference Tuesday "a substantial portion" of the 80 per cent being spent in the United States will be in Michigan.

Roche, however, declined to pinpoint expansion cities, but did say it is expected "spending in 1969 and subsequent years will continue at a high level."

General Motors spent $869 million in 1968 for new plants, equipment and modernization, compared with $913 million in 1967.

U. S. automakers have stopped work on cooperative development of antipollution devices, Roche disclosed, because of a Justice Department antitrust suit challenging joint efforts.

He added, however, discussions are being held with the department in hopes of finding "a way we can proceed (jointly) and be within the law."

He said no decision has been reached on where GM will build its new turbine engine plant, adding that in initial stages the engines will be manufactured by the company's Detroit Diesel division.

GM announced plans last month to begin marketing turbines for trucks, buses and industrial uses by mid-1971. It said a new plant will be required.

Report Best Selling Liquor

LANSING (AP) — What's the most popular straight bourbon, Scotch, gin and vodka in Michigan?

If you guessed Jim Beam, Cutty Sark, Gilbey's and Smirnoff, make the bartender spring for a free round. You're right!

The year end sales report of the State Liquor Commission indicates those brands were the biggest sellers in their respective fields.

The biggest seller of all, however, was in blended whiskey where Seagram's 7 Crown topped all other brands of liquor. A total of 324,282 fifths of Seagram's 7 Crown was sold during 1968—not to mention another 79,230 pints that were purchased.

By comparison, only 70,968 fifths of Jim Beam were sold. cutty Sark sales totaled 69,018 fifths, with Gilbey's sales listed at 78,023 and 80 proof Smirnoff, 45,799.

Vault Cleaner Leaves With Cash

JACKSONVILLE, Fla. (AP) — A janitor who cleaned a bank's vault at night left work with $40,000 in small bills, the Federal Bureau of Investigation said.

The FBI issued a warrant Tuesday for the arrest of janitor Curtis G. Scarbrough, 49, of Jacksonville.

Robert E. Gebhardt, special FBI agent in charge at Jacksonville, said the missing money was in $10, $20, $50 and $100 bills.

The theft was discovered Tuesday when a teller went into the vault of the Atlantic National Bank to prepare payrolls.

The FBI gave no details on how the money was removed from the bank. Bank officials, however, said the bills may have been hidden in a garbage container.

Detroit Lawmaker Says U.P. Should Vote Time Issue

LANSING (AP)—Upper Peninsula residents should be allowed to vote on whether to observe eastern or central time, a legislator from Detroit believes.

Republican Rep. Weldon Yeager Tuesday introduced a resolution calling on Congress for a time referendum in the U.P. — most of which, unlike lower Michigan, is now in the central time zone.

Yeager said the decision of the U.S. Department of Transportation which splits Michigan into two time zones violates the 1966 Federal Uniform Time Act. He noted Congress would have to amend that act before a U.P. referendum could be held.

Two Prisoners Serenade Captors

SKANEATELES, N.Y. (AP) — The young man with the chest-long beard and flowing hair strummed a guitar while he and the girl with long hair and an irridescent dress, serenaded their captors for nearly two hours with a medley of folk songs.

The stage was the village police station, the audience the police and the "entertainers" were Peter A. Parke, 25, and Norine Deury, 19, both of Boston, charged Tuesday with possession of marijuana.

Convict White In Negro Killing

DETROIT (AP) — The maximum penalty of life imprisonment has been imposed on a 25-year-old white man in the shotgun death of a Negro during the Detroit 1967 riot.

Recorder's Court Judge Joseph Gillis handed down the sentence Tuesday against Richard P. Shugar, who was convicted of a second-degree murder by an all-white jury after a nine-day trial last month.

Shugar was accused of killing Nathaniel Edmonds, 23, a Ford Motor Co., worker during an argument over alleged store looting.

"WHERE THERE'S NEVER A BUM STEER"

FOB Detroit

By Jerry Green

DETROIT — We have become a population of number atchers. I for one have become bored with this nonsense. It hoked up, phony, concocted.

Now the great Gordon Howe has equalled and surpassed e great Babe Ruth's record. Even the great Gordon Howe uckled over that item of press agentry the evening he hit — rdon, scored — his 714th goal.

One home run in baseball equals one goal in hockey ? ? ?

Or as they used to say in fourth grade old math, what do u have when you add two apples and three oranges? The swer was you have enough stock to open a very small grocery ore.

Trivia — and we are captivated by it. We means the people ho report and write sports.

* * *

There can be no way for Gordie Howe's 714th goal to be clared equivalent to Ruth's grand home run total. Yet we gave cognition and credence to a publicity campaign to make it so.

The same night Gordie scored No. 714 he also collected the th hat trick of his career. Comebody mentioned that Howe w perhaps has as many three-goal games as Wilt Chamberin had three-point plays. The statement was used to illurate what had been urged upon us during the campaign to ake Howe's 714th more significant.

Gordie Howe himself placed this phony milestone goal in proper status.

"It means only," he said, "Babe Ruth hit 714 home runs ore than I did — and I scored 714 goals more than he did.

"There is more pressure on the batter in baseball. You're t there all alone swinging the bat."

Thus spoke No. 9, I mean Howe, about the importance of me numerology.

* * *

Of course, plenty of numbers have significance. That No. 30 enny McLain spent last summer striving for and reaching had treme importance. For a while the baseball season and the nnant race became secondary. A man was about to reach a ilestone of accomplishment not reached for more than a gen-ation.

Several years ago Roger Maris' pursuit of Babe Ruth legitiately attracted great attention. Maris was attempting to bust uth's record of 60 home runs in a season. The number 61 — us became a genuinely significant number.

If some baseball player were to near Ruth's career record 714, that too would be an honest assault. But a hockey player rpassing a figure established by a baseball player just doesn't ld up.

* * *

Pro basketball is the most flagrant violator of the numbers me. There are records kept for just about everything except e number of dribbles.

A couple of years ago the scorer's bench at a Pistons' game upted with excitement. Oscar Robertson was on the threshold smashing the Cobo Arena record for assists in one quarter. eally, assists for one quarter for Cobo arena.

The men on the scorer's bench started exhorting the Cinnati players to pass the ball to Oscar so he could pass it to mebody else for a basket. It was very important. Well, Oscar nally shattered this record of a certain number of assists in e quarter at Cobo.

The man on the microphone shrieked into his mechanism at Oscar Robertson has just broken the Cobo Arena record assists in one quarter. The 1,879 assembled stirred up in their ats. They had been awakened by this momentous announceent.

But at least, the game was permitted to resume, which was hy this throng attended in the first place.

Too often the arithmetic of sports is forced to become more portant than the sport itself.

There are usually 125 whistles blown during a pro basketll game.

Victory Nearly Escapes Wolves

ANN ARBOR (AP) — Victory as like a wet bar of soap to e Michigan Wolverines Tuesy night — they seemingly had ings cleaned up early but the r slipped from their grasps d the triumph nearly went wn the drain.

"It looked like we were going blow it," said coach John Orr ter Michigan's excited 92-87 g Ten basketball upset over th ranked Illinois. "It's the st time in so long we had a ad that we got excited."

Michigan led 71-61 at the 12-inute mark of the second half it the Illini got hot, narrowed e gap and tied the score 71-71 o minutes later. From then it was a seesaw battle with linois seemingly headed for victory with the score 87-84 with little more than a minute to play.

But two consecutive jump shots by senior forward Dennis Stewart, the second after Ken Maxey stole the ball, gave Michigan an 88-87 lead with 54 seconds left and the Wolves iced it with four more points in the closing seconds.

The Wolverines found it hard to stop 6-foot-8, 254 pound sophomore center Greg Jackson and poured in 29 points. Senior forward Dave Scholz, Illinois' leading scorer with a 21-point average, contributed 22, while Price added 19.

Michigan had a well-rounded attack as the five starters went all the way. Stewart scored 17, sophomore guard Dan Fife 15 and Maxey 14. Bob Sullivan only scored nine points but kept the crowd buzzing with his sparkling passes and hard-driving layups.

The win evened U-M's Big Ten record a 4-4 and lifted its overall mark to 10-8. Illinois suffered a blow to its conference title ambitions with the loss, dropping to 4-3 in the conference and 13-3 overall.

Rudy Tomjanovich pumped in 37 points, including 12 in a 4½-minute span at the end of the first half, to give Michigan a 49-45 halftime lead. But the 6-foot-8, junior center almost became the game's goat by missing eight of 11 shots at the crucial free throw line.

"Tomjanovich was keyed up for this game," Orr said. He added that the team has had quite a bit of trouble lately from the free throw line.

"We capitalized on all the breaks we got," he said. "They got a break when the referees didn't call goaltending on Maxey."

With the score Illinois leading 78-77 late in the game U-M captain Ken Maxey broke down court alone and went in for a layup. But junior guard Mike Price of Illinois seemingly blocked the shot at the last moment. The crowd of 8,000 thought goaltending should have been called, which would have put Michigan ahead 79-77, but the referees ruled otherwise and it was several minutes before the crowd stopped pelting the refs with pennies and papers.

Both teams shot well from the floor, averaging 53 per cent. Michigan got 38 of 72 field goal attempts while Illinois sank 39 of 74. U-M was 16 of 28 from the free throw line compared with the Illini's nine of 16 record.

renary Quint rips Rockets

RAPID RIVER — The Tren-y Comets pulled away in the urth quarter to notch a 73-62 ctory over the Rapid River ockets and put themselves in rst place in the Central eague standings by doing so.

The Comets shot 41 per cent om the field, hitting on 34 of attempts, and cleared the ards for 47 rebounds while apid River could only make of 72 attempts from the field r 25 per cent and pulled down rebounds.

Trenary is now 7-3 in conferce play and holds a half game ad over Bark River and Perins who are both 6-3.

Greg Begovac tossed in 12 eld goals to take game honors ith 24 points for Trenary hile teammates Alvin Aho and im Harris netted 19 and 15 oints respectively.

Dale Morin paced Rapid River with 21 points and Klint afford chipped in with 17 and an Safford and Harold Pet-y added 10 apiece.

TERRY DUFOUR (40) of the Holy Name Crusaders goes high into the air to attempt a shot in last night's game with the Kingsford Flivvers at the Holy Name gym. Dufour led all scorers in the game with 21 points and the Crusaders won, 75-51. Other players watching the big Holy Name center are Mike Kosovec, right, Joe Reddinger (45) and Nick Phillips (21) of Kingsford and Bob McGinn (20) of Holy Name. (Daily Press Photo)

Big Ten Cage Race Headed For Blazing Finish Again

By The Associated Press

Don't look now, but the Big Ten basketball race is taking on all the aspects of another blazing finish.

Ohio State's No. 16-ranked Buckeyes, deeply involved in last year's torrid climax, did their bit Tuesday night to make this year's outcome just as dramatic, surviving a 35-point shelling by sensational Rick Mount of No. 8 Purdue for an 88-85 upset at Columbus.

That not only avenged a thrilling 95-85 overtime loss at Purdue 10 days before, but also moved the Buckeyes to within just one game of the frontrunning Boilermakers, who suffered their first league setback in seven starts. Ohio State is 5-2.

Meanwhile, No. 10 Illinois was sabotaged at Michigan 92-87 and dropped into a third-place tie with Iowa. The Illini had been tied with Ohio State for second.

And, No. 19 Baylor added to the night's list of casualties, falling before unheralded Rice 75-73. However, The Associated Press' only other Top 20 team in action, No. 6 Davidson coasted past Richmond 114-95.

Ohio State had to shake off a Mount-led rally to claim the triumph which the Bucks hope could lead to a repetition of last year's title chase. Ohio State backed into a share of the 1968 crown on the closing day of the season, then beat co-champ Iowa in a playoff for the right to go on to the NCAA.

The Boilermakers trailed by 10 points much of the second half, but shot into a 76-76 tie with 3:27 left. But, Buckeye Jody Finney, who had a career high 28 points, hit a long set shot and teammate Dave Sorenson followed shortly with a three-point play that gave the Bucks control the rest of the way.

The 6-foot-4 Mount, leading shooter in the Big Ten, canned 16 of 27 field goal tries, including 10 of 13 in the second half.

Michigan State knocked off Notre Dame with surprising ease 71-59.

In other games, Iowa whipped Northwestern 84-80 in overtime, Wisconsin stopped Minnesota 69-63, Missouri defeated Nebraska 79-60, Arkansas topped Texas Christian 63-47 and Drake whipped North Texas State 91-67.

Also, it was Western Michigan 85, Marshall 74; Virginia Tech 68, Virginia 64; Old Dominion 80, William & Mary 65; Boston College 70, Rhode Island 62; NYU 87, Lehigh 70, and Holy Cross 97, Massachusetts 68 behind Ed Siudut's 36 points.

Carney Notches League Victory

PEMBINE — The Carney Wolves kept thier title hopes alive in the Skyline Conference by scoring a 66-57 victory over the Pembine Panthers in a league contest played last night.

The Wolves are now 9-4 in conference play and are tied for second place with Channing in the standings.

John Perras led Carney in the scoring department with 20 points while David Lampinen and Paul Polfus chiped in with 18 and 12 points respectively.

Mark McCorkle had 26 points for Pembine to lead all scorer in the game while Lee Schlais chipped in with 17 points and John Dill added 12.

Pembine won the junior varsity game, 49-35.

The box score:

CARNEY	FG	FT	PF	TP
Moran	4	0	4	8
Lundquist	4	0	1	8
Polfus	4	4	0	12
Lampinen	7	4	1	18
Laurin	0	0	2	0
Perras	8	4	3	20

Bruins Batter Hawks; Esposito Adds Points

By The Associated Press

Up, up and away goes Phil Esposito.

The slick Boston center tacked five more points on his National Hockey League scoring lead Tuesday night, scoring twice and assisting on three others goals as the Bruins battered Chicago 7-3.

In the only other NHL game played, Montreal whipped Los Angeles 7-3 with Jean Beliveau scoring four goals.

Esposito, bearing down on the NHL one-season scoring record of 97 points shared by Chicago's Stan Mikita and Bobby Hull, now has 92. With 22 games remaining, he seems a cinch to become the first NHL player to score more than 100 points.

Esposito's five points overshadowed a three-goal hat trick by Ken Hodge, who ran his season's total to 34 goals.

The loss was the sixth straight for the reeling Black Hawks. Boston, leading the NHL's East Division, has lost only one game in the last 22.

Beliveau scored four goals in a game for the third time in his career, leading Montreal past Los Angeles. The hat trick was the 17th of his career and second in nine days.

Yvan Cournoyer assisted on each of Beliveau's goals and scored one of his own in the third period, matching Esposito's five-point night.

Three of Beliveau's goals came in less than 12 minutes during the second period as the Canadiens wiped out a 2-1 Los Angeles lead and took control of the game.

Crusaders Stay In Race With Victory Over Flivs

Teamwork, the ability to hit from the floor and rebounds all added up to victory for the Holy Name Crusaders last night in their Great Northern Conference clash with the Kingsford Flivvers by the score of 75-51.

The Crusaders quint worked their offense and passed the ball like they never had before this season and the hot-shooting of Terry Dufour and Al Grabowski from the outside kept the points adding up on the scoreboard.

But even more important to the Crusaders was the play of Tom Creten and Steve Fisher, both almost always going completely unnoticed on the floor. Creten made his first start of the season for Holy Name and came through with 7 rebounds and nine clutch points while Fisher also had seven rebounds and helped out in the scoring department with 10 points.

The Crusaders were hot in the opening quarter, canning 10 of 20 field goal attempts and jumping out to a 10-0 lead in the first three minutes of play with all five starters scoring at least once.

In the second quarter Dufour and Grabowski combined to score 15 of the Crusaders' 17 points in the quarter and build their lead to 15 points at halftime. Dufour finished the first half with 15 points and Grabowski had 13.

The third quarter was even more distastrous for the Flivvers as Holy Name extended their lead to 23 points twice during the period and held an overwhelming 21-point advantage going into the final period of play.

Coach John Butrymowicz cleared his bench in the final period and the reserves did almost as well as the regulars although play did get a little ragged at times.

Dufour topped all scorers in the game with 21 points and Grabowski chipped in with 15 for the Crusaders while Joe Reddinger and Mike Kosovec had 16 and 13 points respectively for the Flivvers.

Holy Name shot 38 per cent from the floor, dropping in 31 of 81 field goal attempts, and pulled down 51 rebounds in the contest. Kingsford made 20 of 58 field goal attempts for 34 per cent and hit the boards for 32 rebounds. Dan Young of Holy Name and Kosovec of Kingsford were the high rebounders with nine each.

The victory left the Crusaders with a 4-2 mark in conference play and an 8-4 record on the season. Their next game is another important conference test against the West Iron County Wykons on Friday night at the Holy Name gym.

The Holy Name Junior Varsity notched a 79-46 victory over the Kingsford JV's in the preliminary game and the Holy Name Frosh came from behind in the second half to score a 76-56 victory over the Gladstone freshmen to run their season record to 11-0 including a forfeit from Kingsford.

The box score:

Big Bay Nips Perkins Five

NAHMA — The Big Bay de Noc Black Bears gave Perkins three chances to win the game in the final seconds but the Yellowjackets couldn't take advantage of the break and dropped a 57-56 decision in a Central League clash played last night.

The loss knocked Perkins out of the top spot in the conference race with a 6-3 record and Trenary, now 7-3 with the victory over Rapid River, is in first place.

Big Bay had three one and one chances in the last minute but failed to convert any of them and Kim Hartman blocked a last second shot by Perkins to preserve the victory.

John Lewandowski paced Big Bay with 17 points and Bill Hartman shipped in with 16. Joe Couillard topped all scorers in the game with 20 points for Perkins while teammates Paul McNutt and Gary Aper added 10 points apiece.

Lewandowski also had 18 rebounds in the game and 15 more rebounds by Bill Hartman and Herb Pomeroy helped give the Black Bears a big edge on the boards.

Big Bay won the preliminary game, 40-27.

The box score:

PERKINS	FG	FT	PF	TP
J. Couillard	8	4	5	20
Simonsen	2	3	3	7
McNutt	3	4	4	10

Broncos Snap Tiger Streak

BARK RIVER—The Bark River-Harris Broncos avenged an earlier defeat and snapped the Powers-Spalding Tigers' seven-game winning streak by posting a 60-56 victory in overtime last night.

The Broncos tied the score with 15 seconds remaining in regulation time and held the Tigers scoreless in the overtime period. Alex Jorasz hit two free throws and Dan Veeser had a field goal in the overtime for the Broncos.

Powers shot 36 per cent from the floor in the game, making 24 of 66 field goal attempts while Bark River was 21 of 56 for 37 per cent. Tom Ray's 22 rebounds also gave the Broncos a 42-32 edge in the rebounding department.

Ray paced the Bark River scoring attack with 18 points and Jorasz chipped in with 10. Jack Fleetwood led Powers with 18 points and he also came through with 13 rebounds. Other Tiger players in double figures were Kim Riedy and Dick Smith with 14 points each.

Powers won the preliminary game, 75-62.

The box score:

POWERS	FG	FT	PF	TP
Riedy	7	0	3	14
Fleetwood	9	0	4	18
Smith	5	4	5	14

Sam Ellis Wins Golf Tournament

MIAMI (AP) — Pitcher Sam Ellis of the Chicago White Sox dropped a 45-foot birdie putt on the first hole of a sudden death playoff Tuesday to defeat outfielder Ken Harrelson of the Boston Red Sox for the national baseball players golf crown.

Hitchcock Joins Expos As Scout

MONTREAL (AP) — Billy Hitchcock, with 22 years experience in major league baseball as a player, coach and manager, joined the Montreal Expos of the National League as a special assignment scout Tuesday.

Hitchcock will undertake minor and major league scouting assignments and will appraise and sign free agents drafted by Montreal.

His most recent baseball job was that of manager of the Atlanta Braves.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Houghton Loses Third Straight

BARAGA (AP)—Gary Moberg scored 30 points as Baraga blasted Houghton 67-56 in a high school basketball game, as the visitors lost their third straight after winning their first 11 contests of the season.

The win boosted Baraga's record to 13-2. Earlier in the season, Houghton had defeated Baraga 59-57.

Warriors Record Last Minute Win

By The Associated Press

The best things in life were free for Jeff Mullins, Nate Thurmond and the San Francisco Warriors in the last minute of Tuesday night's National Basketball Association struggle at Atlanta.

Mullins and Thurmond combined for five clutch free throws in the final 60 seconds, giving the Warriors a 92-87 victory over hometown Hawks.

Atlanta stormed back from a 13-point deficit and drew within two on a basket by Paul Silas before Thurmond hit twice from the foul line for the Warriors. Then Mullins put in three more freebies, offsetting the Hawks' last two-pointer.

In other NBA games, Baltimore topped Chicago 124-116 and Philadelphia drubbed Cincinnati 129-112.

Mullins finished with 34 points to lead San Francisco past the Hawks. Thurmond hit for 26, controlled the boards and limited Atlanta pivotman Zelmo Beaty to two points. Silas had 22 and Ohl 20 for the Hawks.

Earl Monroe scored 13 points and reserve Ed Manning nine in a last quarter burst that carried Baltimore past the Bulls.

The victory boosted the Bullets' Eastern Division lead over idle New York to three games and kept them 3½ games up on third place Philadelphia.

Monroe finished with 33 points for Baltimore. Jerry Sloan put in 27 for the Bulls.

Hal Greer and Billy Cunningham teamed up for 22 points as the 76ers outscored Cincinnati 40-29 in the third quarter and pulled away from the Royals at Cleveland.

Cunningham wound up with 31 points, three more than Greer. Adrian Smith was high for the Royals with 22, including 14 in the last quarter.

Snowmobiler Is Hospitalized

Eldred J. DeMars, 21, of Cooks was admitted to the Schoolcraft Memorial Hospital Sunday afternoon after dislocating his left shoulder in a snowmachine accident. Demars also received cuts on his left arm and face.

State Police said the snowmachine, operated by Demars, hit a bump which threw the driver and a passenger off the machine. John Schneider, 23, 109 Fourth St., received treatment for cuts on his left arm. The mishap occurred on the Snowmobile Trail off M-94.

State Police also report an auto driven by Leo Lawrence Jr. of Germfask overturned on County Road 436 in Germfask Township at 1:15 Monday afternoon. Lawrence told troopers he lost control of his vehicle due to snow drifts on the roadway. No tickets were issued.

Head Start Nets Money And Toys

The recent drive to secure toys and equipment for the Head Start Program has netted over $60 and 15 trading stamp books, Head Start parents and teachers were told Tuesday night by the campaign committee.

Meeting at the Zion Lutheran Church, the group heard that the general community responded willingly in contributing puzzles, blocks, dolls, games and trucks which will be used in the Head Start Centers in the area.

The Head Start program is designed to give an educational boost to pre-school children from low and limited income families. Supported by local contributions and government funds, Head Start has no money allocated for new classroom equipment and toys.

The Head Start Parents will meet next on March 10 at the Hiawatha School.

Hospital

Admitted to Schoolcraft Memorial Hospital were Mary Jane Magoon, Mary Mattlin, Roy Pitts, Rita Rossier, Ivah Riedel, Muriel Hamiel, Janice Redeker and Cynthia Frenette.

Discharged were Ernest Williams, Dullin Robinson, Mary Gillam, Linda Gillam, Jerome Halvorsen and Cheryl Turan.

Nixon Receives Indian Headdress

HAZEL PARK (AP)—It may not be Cherokee tradition to wear a feathered headdress, but beginning with Woodrow Wilson, Chief Redbird has made a tradition of presenting bonnets to U.S. presidents.

Latest recipient is President Nixon, who received the headdress recently from Chief Redbird, 70, who moved to Hazel Park from Oklahoma Indian Territory.

Chief Redbird, a Cherokee, left Oklahoma after the death of Chief Blue Cloud, a Sioux who helped him with the first headdress.

Since then the Chief has worked alone for the 40 hours required to complete the headdress.

City Attorneys Favor A Union

DETROIT (AP)—Detroit city attorneys are forming an association and if necessary a union to press their case that their job situation is "unbearable."

The attorneys, known as assistant corporation counsels, have civil service status and were appointed with the approval of Mayor Jerome Cavanagh.

A spokesman for the attorneys said the men are underpaid ($10,500 to $21,000 a year) and overworked. He said the workload had increased while six positions in their office have remained unfilled.

MANISTIQUE

School Sponsoring Snowmobile Class

The Manistique Community School, in cooperation with several other agencies, is sponsoring a class in snowmobiling and snowmobile safety which will meet tonight at 7:30 in room 200 of the Manistique High School.

The sessions are open to the general public and both adults and teen-agers are urged to attend. Community School Director Richard Bonifas suggested that the sessions serve as an excellent educational activity for the entire family.

Cooperating with the Community School to co-sponsor the four-course offerings are Manistique Public Safety Dept. and the Michigan State Police, Michigan State University Extension Service, U. S. Forest Service, Michigan Department of Natural Resources, and local snow machine agencies.

Tonight's class will discuss the basic "rules of the road" as applied to snowmobiling. Representatives of the Public Safety and State Police will be present to detail state and local regulations, general public information and commonsense rules for operation of snowmachines.

A second session, scheduled for Feb. 17, will cover "Snowmobiling as a Sport". Howard Handorf, extension agent, Jim Rogers, U. S. Forest Service, and Bill Wallace of Dept. of Natural Resources will be in charge of the evening's meeting. A film will also be shown.

On Wednesday, Feb. 19, "Operation Maintenance and Emergency Repairs" will be the subject under discussion with Denton Nelson, Joe Wood, Ted Hentschell and Arvid Larson leading the class.

The final meeting, Feb. 24, will be a field trip to the ski tow area where the group will be able to practically apply all items learned in the previous sessions.

Briefly Told

Central, Fairview, Hiawatha and Doyle schools hot lunch menu for Thursday will be roast turkey and gravy, whipped potatoes, cranberry sauce, fruit and beverage.

National Merit Scholarship qualifying test will be given in the high school auditorium to juniors on Saturday, Feb. 15 at 9 a.m. Juniors may register for the test through Friday. Further information may be obtained from the Guidance Dept. of the high school.

State Police ticketed Robert Zellar of Newberry on Monday for no proof of registration.

Church Events

Bishop Baraga Circle

Mrs. Frances Thomas entertained Bishop Baraga Circle at her home on State Road last week with Mrs. Franklin Creeden and Mrs. Robert Popour assisting hostesses.

Greeting cards are still available from the Circle and may be picked up at the home of Mrs. Thomas or by calling 341-2538 for delivery.

Mrs. Jack Roemer will be hostess for the March meeting with Mrs. Robert Rozich and Mrs. Roland Burnish helping.

Catholic Group Anti-Parochiaid

DETROIT (AP) — A young Catholic schoolteacher from the Detroit suburb of Southfield is spearheading an effort to get Catholics to speak out against parochiaid.

Clyde McQueen, 33, teaches in a public school in Southfield and attends Saint Bedes parish church there.

McQueen said it doesn't bother him that he may be going against the church hierarchy because he insists "The people are the church."

McQueen said he decided to take action after the Roman Catholic Archdiocese of Detroit publicly supported state aid to parochial schools.

McQueen added that he and a Catholic priest. The Rev. Maurice Geary, have formed a group called Catholics Against Parochiaid, and they are serving as cochairmen.

The drive supporting parochiaid, he said, is conceived largely as a Catholic drive and he does not think this is helping to build good feeling among members of the community—between Catholics and non-Catholics.

Bands Present Winter Concert

The Manistique High School and Junior High bands will present their annual mid-winter concert on Thursday at 7:30 p. m. in the high school auditorium.

A special invitation to attend the concert is being extended to all who contributed to the new band uniform fund drive. One of the highlights of the evening will be the first public showing of the new uniforms.

Following the concert a bake sale and social hour, sponsored by the Band Parents organization, will be held. No admission will be charged for the concert.

Gary Lester is band director of the Manistique High School Music Department.

Obituary

MRS. HENRY GARDNER

Msgr. F. M. Scheringer was celebrant at a 9 a.m. requiem mass at St. Francis de Sales Church for Mrs. Henry (Stella) Gardner on Tuesday. The Children's Choir of St. Francis School provided music.

Mrs. Gardner, 70, who lived at 202 Chippewa Ave., died Saturday morning.

Pallbearers included Donald Fugere, Leo Dean, Edward LaBelle, Leo Chartier, Gene McBurney and Ellsworth Davenport.

Burial will take place in the Fairview Cemetery in the spring under direction of Messier-Broullire Funeral Home.

CHESTER KRZYZANSKI

Complete funeral services for Chester Krzyzanski of Thompson were held Tuesday morning at 11:30 from the Messier-Broullire Funeral Home. Mr. Krzyzanski died Saturday morning at the Schoolcraft Memorial Hospital.

Rev. Father Robert Hartman of St. Mary Magdalen Church in Cooks officiated at the services.

Burial will take place in the spring in the Thompson Cemetery.

Births

BALDINI — Mr. and Mrs. Joseph R. Baldini of Marquette announce the birth of a son, Joseph Robert, on Feb. 7 at St. Mary's Hospital, Marquette. The infant weighed eight pounds, nine and one-half ounces at birth. Mrs. Baldini is the former Kristin Bonifas, daughter of Mr. and Mrs. Richard Bonifas, 213 N. Houghton Ave. The paternal grandparents are Mr. and Mrs. Joe Baldini of Marquette.

Announce MHS Honor Students

Principal Marvin Frederickson has announced the first semester honor roll of Manistique High School.

Fishing, Hunting License Combined

LANSING (AP) — A bill to combine the different types of hunting and fishing licenses into a single permit has been introduced into the Senate y Sen. Gordon Rockwell, R-Mount Morris.

Presently, residents must purchase separate permits for deer (firearms), deer bow and arrow), bear, small game and annual fishing privileges. In addition, anglers must purchase special trout and salmon stamps if they pursue those species.

Total cost of all the permits is $23.60.

Under Rockwell's plan, introduced Tuesday, a single license would combine all the licenses and stamps at a total cost of $15. It would be available to residents over the age of 17.

Several other states use a combined license with considerable success, Rockwell said.

Card of Thanks

Gagner

We wish to express our sincere thanks to neighbors, friends and relatives for the assistance and sympathy shown to us at the time of the death of our husband and father, Lawrence Gagner. We are especially grateful to those who sent spiritual bouquets, floral bouquets, food, to Father Karlheim for his comforting words, Eagles Club, Sisters and Nurses at the hospital, Lady Foresters, pallbearers and to all others who by word or deed assisted us at this time. The memory of these acts will always remain with us.

Mrs. Lawrence Gagner, Mr. & Mrs. James Gagner, Mr. & Mrs. Gerald Gagner, Mr. & Mrs. Richard Gagner, Lawrence Gagner Jr.

Charges Hurled At Canvassers

Votes Exceed Voters

LANSING (AP)—Nearly one-third of the ballot boxes had been improperly sealed.

In some precincts the number of votes cast exceeded the number of voters on the rolls.

Election workers in some places went home early, leaving weary underlings to finish counting the votes.

Those were among the reports handed an angry Board of State Canvassers Tuesday by all sides in the lingering controversy over Daylight Saving time.

The board then certified the results of the statewide vote recount, which showed DST a loser in the Nov. 5 election by only 490 votes. the recount shaved 1,011 votes off the total certified by the board in December.

Attorneys for both factions in the time dispute said they would not appeal the recount outcome.

Then both blasted some local elections officials for their alleged mishandling of voting procedures.

Automatic Recount

Attorneys Tom Downs, who represented those opposed to DST, and Charles MacLean, representing those who favored it, both endorsed a proposal by State Elections Director Bernard Apol that the state itself conduct recounts in all close statewide elections.

Currently votes are not recounted unless a citizen requests it. In that case, the petitioner selects the precinct he wants checked and pays $5 per precinct.

Calling for the automatic state recount in close races, Apol said: "Public confidence in the election process likely would be strengthened by such a system."

Original figures from the Nov. 5 election, certified by the board in December, placed the defeat margin at 1,501 votes. The recount trimmed 1,011 votes from the margin.

The final totals showed 1,402,562 votes for DST and 1,403,052 against it.

Charges

MacLean called for remedial action to prevent a recurrent of "the many errors of commission and omission which came to light during the course of the recount."

In a statement presented to the board, MacLean charged:

—Nearly a third of the ballot boxes inspected during the recount of 2,729 precincts had not been properly sealed.

—About one-tenth of the ballot bags inside the boxes had been improperly sealed.

—in some cases absentee voter ballots were not sealed, or placed in a container, or even tied together. "There were instances in which absent voter ballots could not be located at all."

—"There were a large number of cases in which precinct and county boards of canvassers made inexcusable and flagrant errors in entries and in additions."

Home Early

—In Wayne County alone there were 153 discrepancies, including 49 cases in which the total vote cast was greater than the number of names in the poll book.

Apol reported to the board of canvassers that some local elections inspectors failed to do a proper job following the Nov. 5 election. A few, he said, went home early on election night.

"In most cases," Apol said, "the local units are coming up with fine people. In others, they are not. A review on qualifications and training is, I think, in order."

Apol said precinct workers' jobs would be made easier if fewer issues appeared on the ballot, if all absentee ballots were counted in a separate precinct, and if a fresh "night shift" came on election night to relieve the weary day crew of poll workers.

Get Tough

Board member Nathan Conyers of Detroit said the board should summon the local election officials who had not done their duty. "Now is the time to adopt a really get-tough attitude on some of these local guys," he said.

"They take their responsibilities too lightly," agreed member Joe Burkholz of Benton Harbor.

Before certifying the DST vote total, the board elected James Schoener of Muskegon as its chairman and Conyers as vice chairman.

Braun Elected Veep By C&NW

Walter E. Braun, formerly assistant vice president and director of rates and divisions of the Chicago & North Western Railway, has been elected vice president-sales and marketing.

Braun joined the North Western in 1934 and has served in Washington, Cleveland, Peoria, Green Bay, New York and Chicago.

DENNIS GAUTHIER, son of Mr. and Mrs. Maurice Gauthier of Rte. 2, Bark River, recently was promoted to specialist fourth class while serving with the 25th Infantry Division of the U. S. Army near Toy Ninh, Vietnam. A 1967 graduate of Holy Name High School, Gauthier completed basic training at Fort Campbell, Ky., and two weeks advanced training at Fort Lewis, Wash. He arrived in Vietnam last Nov. 6.
